Ready for Blastoff

A Pottstown plant had a part in the preparation of the space flight of the Mercury capsule, scheduled for tomorrow morning. A trailer for loading the capsule for gases that will be blasted from jets to give the rocket flight "attitude" control. The capsule is shown in flight here as conceived by an artist.

Pottstown industry will play an important part when the United States launches its first spaceman.

A mighty rocket will blast off from the launching pad at Cape Canaveral, Fla., an hour after daybreak tomorrow, weather permitting, in an attempt to hurtle a cone-shaped capsule with a man aboard into space.

Before that history making event takes place, the key contribution to the mission will be made by a product of the Pottstown division of the Minneapolis-Honeywell company.

Amid the bewildering series of preparations for the blastoff a specially designed servicing trailer will be wheeled to the pad and hooked onto the man-bearing capsule. Hydrogen peroxide, a pressure building gas that must be handled with the caution accorded nitroglycerin, will pass from the trailer to the capsule.

HILL SCHOOL WILL OFFER SCHOLARSHIP

Competitive Exams Set for Local Pupils

A three year scholarship to The Hill School will be offered to a pupil of Pottstown Junior High School who qualifies for entrance to the fourth form (tenth grade) in September.

Candidates will be judged on the basis of scholastic achievement, qualities of leadership, and general aptitude for secondary school education.

Points that will be considered are the character and personality of the applicant, his participation in all phases of school life, and the financial need of his parents.

The winner of the scholarship will be entitled to full use of the educational facilities of the school. The amount of the scholarship will depend on the parents' financial need.

Today Marks the Start of Town's Greatest Clean Up Effort

The fifth annual borough Clean Up Week begins today—with the emphasis on making Pottstown a "cleaner, finer place to live."

"An extra effort from everyone — borough employes, school pupils, housewives, store owners—is all that is needed to make this campaign the most effective of any we've had in the past," Borough Manager Robert H. McKinney Jr. commented Sunday night.

McKinney also issued a reminder of the Clean Up Week ground rules:

Arrangements for a pickup by borough crews must be made a day in advance by calling borough hall (FA 6-3100) or the borough garage (FA 3-7936). Deadline on calls is 5 p. m. Thursday.

Items must be placed at the curb or in the alley since borough crews are not permitted to enter private property.

The borough will not remove large amounts of dirt, lumber, metal or heavy, discarded furniture.

GAS STATIONS HARD HIT BY STATE TAX

Report Sales Off As Much as 10 Percent

Pottstown area service station owners have some news for Gov. David L. Lawrence: his 2-cent increase in gasoline tax has backfired.

After a month with the 7-cent State tax and 4-cent Federal tax, service station owners say the decrease in sales has made any additional revenue to the State negligible.

Charles Kurz reported sales off 10 percent, "and when sales are off 10 percent, there's certainly less tax money for the State than if the tax was 2-cents lower and sales remain the same."

Co-owner of the Snyder and Kurz service station in Pennsburg, he added that "we certainly felt the full effect of the tax. Now a person who used to pull in and get the tank filled

University Will Honor Woman Who Won Fight Against Radiation Illness

A Pennsylvania college next month will honor a graduate whose career in education was interrupted 26 years ago by a medical accident, but who found another way to serve people in need.

Laura E. McGann, Pennsburg RD 1, has a date next month at Bucknell university where she will be a guest of honor on the 50th anniversary of her graduation from the school.

Miss McGann was invited to attend the school's commencement festivities June 3 and 4. She will be honored along with other class of 1911 graduates of Bucknell.

The 72 year old resident of Finland might have attained the rank of university professor had tragedy not struck and cut short a promising teaching career in 1935.

* * *

MISS McGANN received an overdose of radium in that year while being treated for an internal illness. The radium caused a spastic paralysis, put her in the hospital for nearly five years, and left her too weak for the rigors of education each day.

When the accident occurred she was well on her way to a brilliant career in education.

She graduated from the Bucknell institute (girls finishing school) in 1908 and went on to Bucknell college where she majored in Latin and graduated magna cum laude.

Following several years of teaching high school in Lewisburg and Altoona, she studied

Tough April Mellowed As Days Passed

April was a mixup that chilled and dampened many an area resident and then finally won all of them with an about face in the final week that was all warmth and Spring.

No records were set by the capricious lass that bowed out of the weather picture Sunday midnight, but she made some good attempts.

April brought a total of five and a quarter inches of rainfall, a full three inches above normal.

Some of the highest winds of any April before, including a Northeastern storm on the 13th that bowled over trees and sent area streams rising.

Temperatures that ranged from a couple degrees below

Homer's Iliad Is Tale of Smashed Fences

When Homer Stoltzfus makes up his "things-to-do-today," he'll add "repair fence" to the list—and he just crossed it off a few days ago.

Stoltzfus, who owns a large farm along Route 100 in North Coventry township, near Titlow's Corner, can't keep the fence together because of straying motorists.

Charles Robert Angstadt, 213 North Charlotte street, knocked down four sections of the fence about ¼ mile south of Titlow's Corner Sunday at 4 a.m., when he lost control of his car. The auto was only slightly damaged and Angstadt was not injured.

But for Stoltzfus's fence, it was "about the fourth time this year" it took a whack in the slats. Stoltzfus just completed rebuilding another section of fence demolished by a misguided car.

Howard Seibold, North Coventry township patrolman, investigated the accident.

Dog Feels Great, Happy With Kids After Hours of Fear

"Queenie" is home again.

"Queenie" is the name of the large black and tan German shepherd dog which entered an Upper Pottsgrove home Friday afternoon, bit the hand and leg of a would-be captor and took possession of the house for nearly six hours.

"When I got up Saturday morning and read the article in The Mercury—I knew that was my dog," said Charles P. Kelly, 949 High street.

The German shepherd is kept as a watchdog at Kelly's Summer home on Steinmetz road, Upper Pottsgrove. Before buying the dog three years ago, Kelly's house was burglarized twice.

Immediately after reading the article, Kelly drove out to his home on Steinmetz road and found what he expected—the collar was empty.

"She hadn't broken out," Kelly said. "The chain and collar attached to it were intact. Somehow she slipped out."

* * *

KELLY SAID the dog slipped out twice before, but only to visit a friend of hers who lived nearby. Knowing "Queenie," the friend's owner always returned her to Kelly.

"I have a stronger collar now," Kelly said Sunday.

When she slipped out on Friday, instead of going to visit her

AREA MARINE DIES IN CRASH

Honey Brook Serviceman Killed Near Camp Entrance

A 20 year old Honey Brook Marine was killed instantly Saturday night when a car he was a passenger in hit a concrete bridge abutment and plunged into a creek near the entrance to Camp Lejeune, N. C.

The victim is PFC Delano R. Swope, a son of Mr. and Mrs. Harry R. Swope.

Two other passengers in the car were admitted to the camp hospital and three others were treated for cuts and bruises and released.

A Marine spokesman said the six—all stationed at Camp Lejeune—were returning from Jacksonville when the accident occurred.

Swope was attached to M company, Eighth Marines, Second division.

The driver of the car was tentatively identified as PFC William J. Smith by North Carolina State Trooper C. S. Futrell. Smith was treated and released.

Reported in good condition in the base hospital were PFC William G. Lang, of Irvington, N. J., and PFC Glenn R. Bigellow, of Pittsburgh.

Cooler Air, Showers Due

April came to the finale of its Spring symphony with a slight weekend discord.

Temperatures were down Saturday to the 40s and lower 50s, breaking the pattern of the preceding week.

A Sunday morning frost posed a threat to area fruit growers but most indicated it did not last long enough to hurt apple and peach buds of the area.

Ice formed in a few suburbs around Pottstown Sunday morning. At Pruss Hill dam, the mercury dipped six degrees below freezing.

Today will be fair until the late afternoon hours, the weatherman said, with a high near 65.

Clouds will form tonight and bring showers tomorrow along with cooler air. The high tomorrow will be close to 60.

Board Has the Man For Health Post; Job Hinges on 2 Factors

The Board of Health hopes to be able to make a Bucks county sanitarian—the only qualified candidate among 11 who applied—as health officer to succeed Benjamin C. Steele at its regular meeting tonight.

The selection hinges on two things:

(1) Whether the candidate, whose name was not released is available and willing to take the position.

(2) Whether borough council will appoint a full time health officer.

The split arises because only the health board has the power to name a health officer and only borough council has the power to set his salary and his hours.

"We will recommend that he be hired on a full time basis if he accepts the job," Dr. Jack Wennersten, chairman of the board of health, explained. "Naturally we will explain the situation to him before asking him to make a decision."

DR. WENNERSTEN refused to disclose the candidate's name but said that he is now working as a full time sanitarian in

Here's a Real Chip Off the Old Block

Chubby little Andrew "Steve Brodie" Stamy went all the way Sunday morning to bear out the old saw "like father, like son."

The 16 month old son of Mr. and Mrs. Abram Stamy, 1060 Schuylkill road, tumbled an estimated 35 feet from a second floor bedroom window onto a tiny patch of lawn behind the Stamy home, and was uninjured except for superficial cuts in his mouth.

The elder Stamy, an assistant treasurer at the Security Trust company, at the age of 3 plunged from a second story window of the family home near Wilkes - Barre, fell through a cherry tree and landed on the lawn uninjured.

"Only Andy went out frontwards and I went out backwards," said the father, pondering the quirk after recovering from his original fright at Andrew's close call.

Pop Should Rule the Roost, Not Mom, Warns Psychiatrist

A noted psychiatrist warned Saturday night that "the continuing trend of fathers to abdicate their roles in the family can only lead to further social disorders."

Speaking to 150 persons at the third annual Mental Health clinic dinner, Dr. Morris E. Linden explained that "as a result of the father's abdication of his role, the mother is becoming too strong."

"She is the decision maker, the problem solver and the disciplinarian," Dr. Linden, director of mental health facilities in Philadelphia, continued, "and these are traditionally roles that belong to the father."

"As a result of this the child grows up with a confused identity—confused because he has a mother that is to masculine and a father that is feminine," he continued. "What this breeds is anti-social acts—acts designed to prove ones manliness or femininity."

* * *

THE ROLE of the father developed from an earlier section of Dr. Linden's speech in which he explained that studies in "seriously run down areas prove not that 5 percent of the youths develop into juvenile delinquents, but 63 percent."

Explaining that this is a reversal of previously held sociological beliefs, Dr. Linden pointed out that in real slum areas "the chances that a boy will develop very serious behavior disorders are 63 chances out of 100."

He defined the social disorders developing from this tension as "crimes when performed by adults, juvenile delinquency when performed by youngsters."

In the "seriously run down sections," Dr. Linden ex-

Split Second Decision Saves 2 Men During Fire

Two Yellow House men leading cattle from a blazing barn Saturday morning made a life-saving split-second decision not to return for the last five animals, and halted at the barn door as the roof crashed in.

The fire gutted the two-story stone barn owned by Mrs. Paul Guldin, Yellow House, killed the five heifers and ruined several pieces of farm machinery.

But Irvin Delp, tenant on the dairy farm, and Gerald Folk, a hired hand, managed to save 43 dairy cattle before the top floors of the structure collapsed.

Mrs. Guldin assessed the total loss at $75,000. Most of the loss is covered by insurance. The cause of the early-morning blaze is not known.

Local Concrete Worker Killed in Plane Crash

An employe of a local concrete firm was killed Saturday night, and a companion seriously injured, in the crash of a single-engine plane at the Kutztown airport.

Ronald Merkle, 30 year old father of two children, was a relief driver for the Sheesley Concrete company, operating out of its Stowe installation. Normally, Mr. Merkle worked at the Ormrod (Lehigh county) plant.

A resident of Allentown, as is Kenneth Fisher, 29, the pilot of the aircraft, Mr. Merkle was killed instantly when the plane undershot the runway on its approach to the airport.

The left wing was sheared off as the plane hit a tree, and the wreckage fell into a wooded area shortly before 7:30 p.m.

* * *

MR. MERKLE'S body was pinned in the demolished plane. Fisher was unconscious several hours; then crawled and hobbled a mile to a diner on Route 222 near the airport, where he told of the accident at 11:30 p.m.

Vitalis Paulie, Birdsboro RD 2, an employe of the diner, heard feeble calls for help from outside the kitchen door.

Investigating with other diner workers, Paulie found Fisher, who was bleeding freely from cuts of the head and left hand.

"He left a trail of blood across the fields," Paulie said, detailing that Fisher supported himself part of the way on two charred fence-staves.

* * *

"MY PLANE cracked up and my buddy's still in it out there," Paulie quoted Fisher as saying. The survivor was taken to Allentown hospital while Paulie and other volunteers searched for and found the wreckage of the four-seat, single-engine plane.

Merkle was pronounced dead at the scene, of a broken back and internal injuries.

The two men had taken off earlier in the evening from the Allentown-Bethlehem-Easton airport, and intended to return there after a short pleasure flight.

They were landing at Kutztown, according to Fisher, to go to the diner for a bite to eat.

Mr. Merkle also had a pilot's license. He was the son of Mr. and Mrs. Henry Merkle, Allentown. He also is survived by his widow, Louse Jane (Fisher) Merkle, (no relation to the crash survivor), and two daughters, Patricia, 8, and Barbara, 3.

He lived in Allentown, and drove for Sheesley company out of its Stowe and Perkiomenville branches when extra drivers were required.

asks for $1 or $2 worth."

"It's getting so we don't even bother asking the customer if he wants the tank filled," Kurz added unhappily. "I said when this went into effect that gas stations would take a shellacking and we certainly are."

* * *

WALTER J. PADDEN reported sales off about 5 percent at his East End Service station at 1250 High street, and added that "it's definitely because of the tax."

"Our biggest pinch—and the worst thing about this latest tax—is that it's driving regular customers to cut-rate service stations," he explained. "They used to buy here but now they go to the cut rate places with the low quality gas and low prices."

"But you can't really blame the people," Padden added. "They only have so much to spend too."

Robert Harp, of the Red Arrow station at 128 High street, pointed out that the end of the month figures weren't computed yet.

"But you can bet there's going to be a drop. You can see that just by the way people order—and how often they come in," Harp explained. "I wouldn't be surprised if sales are down 3 to 5 percent."

Child Is Born On Jet Airliner

NEW YORK (AP) — A Pan American World Airways jet took off from New York International Airport Sunday night with 113 passengers aboard. An hour and a half later, there were 114 passengers.

The addition was a boy delivered by a high-flying stork to Mrs. Nellie Alvarez of Ponce, Puerto Rico. The jet was 30,000 feet aloft heading for San Juan.

The pilot of the jet, Capt. Jack Harvey, New York, radioed that child and mother were doing well. The baby, he said, "was delivered by the joint effort of the crew."

the scholarship will take competitive examinations at The Hill School at 9:45 a. m. Saturday.

A group of finalists will be selected on the basis of their school record of curricular and extra curricular activities and the scores they make on their competitive examinations.

Announcement of the winner will be made at the Junior High School Promotion exercises in June.

Scholarship winners of previous years now at The Hill are: David H. Heffner, son of Mr. and Mrs. Robert S. Heffner, 246 Walnut street; and John A. Koury Jr. son of Mr. and Mrs. John A. Koury Sr., 15 South Price street.

Young Drivers Escape Criminal Prosecution

Two Chester county teenagers, both charged with operating a motor vehicle without a license, will not have to face further criminal prosecution it was learned Sunday.

Carol Lloyd, 14, daughter of Mr. and Mrs. Ralph E. Lloyd, 1041 East Schuylkill road, who went on a joy ride with a girl friend, March 31, and drove her father's car into a Knauertown abutment, has already paid a $10 fine and costs to Justice of the Peace Leon Spohn, Warwick township.

The other teenager, Allen Fry, 16, son of Mr. and Mrs. J. W. Fry, Spring City, will receive a summons from Justice of the Peace Benjamin LaPish, East Vincent township.

Fry went on a ride with Dennis McCann, 12 year old companion from Spring City, Tuesday night. Their ride ended when they turned over on Buckwalter road, East Vincent township.

McCann, son of Mr. and Mrs. Raymond McCann, was taken to Phoenixville hospital in critical condition. His condition has improved since then.

Mrs. Lena B. Watson, Chester county juvenile authority said no other charges have been filed against the teenagers.

United States Seeks Parley on Cuba

UNITED NATIONS, New York (AP) — Diplomatic sources said Sunday night the United States is seeking support for another meeting of American foreign ministers to decide what to do about Cuba.

They said, if the meeting takes place, the United States would propose that all Latin American countries break diplomatic and trade relations with Prime Minister Fidel Castro's government.

Argentina will favor the meeting and Mexico will oppose it, the informants said. The major question is whether Brazil will agree.

The idea was viewed in some Latin American circles as a safety valve. They feared that if the United States could not get results in the Organization of American States it would intervene in Cuba.

The pressed slag blocks which pave the streets of Elisabethville in the Congo contain copper.

French Army Officials Despondent Over Algiers

ALGIERS (AP) — The French army, heir to proud military traditions, has suffered a blow which may need years to heal, qualified sources said Sunday.

The short-lived Algiers insurrection revealed bitterness and cleavages which have been plaguing the army ever since its collapse before the onslaught of Nazi tanks and dive bombers in 1940.

* * *

The arrest of 200 high-ranking officers, the dissolution of some of the army's proudest regiments, and the threat of massive sanctions have created a feeling of despondency among career officers.

Qualified observers say that for some time to come the French army has ceased to exist as a cohesive, efficient fighting force.

What remained in the wake of the four-day uprising was a mass of half a million men commanded by officers torn by second thoughts, conflicting loyalties, personality clashes, and the grim realization that another attempt to keep Algeria French has been lost, they report.

The giant, modernistic "Quartier Rignot" headquarters building overlooking Algiers from Mustapha Hill is ringed by the armored vehicles of the Garde Mobile — riot police.

* * *

The trim, black-bereted air commandos who had always guarded it before have been ordered disbanded for their role in the coup.

Silence gripped mess halls, offices and officers' quarters. A number of officers refused to shake hands with their colleagues.

Some shouted that the army's honor was being violated by denunciations.

High-ranking French government officials who are conducting a sweeping probe into the insurrection say the problem of the army is an extremely grave one, perhaps as grave as when Frenchmen were pitted against Frenchmen during the dark days of World War II.

One thing they have learned—the mutinous Foreign Legion paratroop regiment which spearheaded the revolt was able to take over Algiers virtually unopposed.

* * *

Units at roadblocks around the city opened barriers for the paratroopers moving on the city, and gendarmes guarding public buildings stepped aside to permit their capture, investigators said.

"It all ended without massacre, and perhaps this is much better," said one high official. "But the fact remains that the men who were there to protect the republic did nothing to halt those who were attacking it."

In striking contrast with the agony of the officer corps was the mass of French conscripts serving in Algeria. Their weariness with the drawn-out Algerian war, a conviction that the country's independence is inevitable, and the traditional French hostility to military rule, forced a number of officers to disavow the uprising.

Conscript demonstrations at the Maison Blanche, Blida and Boufarik airfields, and a passive resistance by scores of draftee units, were at the root of the collapse of the uprising.

* * *

To those concerned with the effectiveness of France's armed power, the problem is how to rebuild the unity and morale of an army dramatically shaken in the past week. Officials grimly admit that the task will be difficult.

Several hundred heavily armed French security police made a two-hour search Sunday of Saint Georges Hotel where fleeing members of the generals rebel junta were suepected of hiding.

The search apparently was fruitless.

As far as was known Generals Raoul Salan, Andre Zeller and Edmond Jouhaud, and a small group of colonels and civilian supporters who escaped after the coup collapsed, were still at large.

Meanwhile, rumors swept Algiers that the Moslems intended to demonstrate during tomorrow's May Day holiday. Additional armored cars and troops arrived here tonight.

'Diaries Case' Agent Dies In England at 82

CHRISTCHURCH, England (AP) — Capt. Colpoys C. Walcott, the British agent sent to America with the famed Casement diaries in World War I, died at his home Saturday night. He was 82.

As a naval intelligence officer, Walcott was assigned to circulate copies of the diaries among top Americans with a view to easing the anti-British feeling in the United States following the trial of Irishman Sir Roger Casement.

Casement was hanged as a traitor in 1916 on charges of collaborating with the Germans to stage an invasion of Ireland. His plea that he acted as an Irish patriot stirred widespread sympathy at the time.

To discredit Casement in the United States, British authorities sought publicity for diaries which indicated he was a homosexual.

Casement supporters have long claimed that the diary references to homosexuality were forged by the British.

Walcott kept his mission secret for 43 years. Only in 1959, when the British government made the diaries available for limited public inspection, did he admit his role in the affair.

Blames Mother

BUFFALO, N. Y. (AP) — George Bertsche, 32, accused of accepting bets on horse races, told police it was all his mother's doing.

Police quoted him as saying that logging bets was one of several odd jobs his mother hired him to do in a tavern where she worked.

Rabies from Bats

Q. Can a person get rabies by being bitten by a bat?

A. Yes. Six cases of human rabies have been traced to bites by rabid bats. This could become quite a problem because bats infected with rabies virus have been found in many areas in the U.S. If bitten by *any animal* suspected of having rabies, contact your family physician or local health office without delay.

Sea Water Tonic

Q. I have heard that sea water contains many healthful minerals. Why not take sea water every day as a tonic?

A. It's true that sea water contains minerals, but the water contains too much salt for the body to handle and may contain harmful germs. Although a few ounces of sea water can be consumed at any one time without harmful (or beneficial) effects, drinking large quantities of such water, or the continued drinking of small amounts, can prove fatal.

Only Girls?

Q. Are some women capable of having only girls?

A. All women are capable of producing boys or girls. The sex of the child is determined by factors supplied by the father—not the mother. *(More about this in next week's column.)*

"Starving" Prematures

Q. Isn't it unusual to "starve" premature babies for several days after birth, as was done in the case of the Kennedy baby?

A. There are two schools of thought on this matter. One supports early feeding of premature babies. The other is to withhold all fluids until the baby is 48 to 72 hours old. In the U.S. the latter procedure is generally followed.

Uterus Removal

Q. Are the ovaries affected by removal of the uterus?

A. The question has not been definitely settled, but on the basis of animal experiments, removal of the uterus has no harmful effect on the ovaries.

Visiting Masons Praise Pottstown— Their Host for 5th Annual Meeting

Pottstown's role on Saturday as host city for the fifth annual convention of the state association of High Twelve clubs was impressive.

'Most of the attending members were well pleased with the city," said local Attorney Joseph L. Prince, vice president of the local club and chairman of the convention committee. "They thought this was the best convention so far."

Prince was also main speaker at the banquet in the Elks home. He spoke on "Masonry."

The local organization, which meets twice a month, is composed of master masons. The Pottsgrove chapter has more than 100 members.

* * *

THE HIGH Twelve international organization has several hundred chapters throughout the world. The club's purpose is community service.

Officers for the State association of High Twelve clubs were elected at the convention. They are: Lewis M. Evans, Media, president; Rae Boyd, Norristown, first vice president; Prince, Pottsgrove, second vice president; William Smith, Chester, secretary; Luther E. Woodring, Philadelphia, treasurer, and the Rev. Charles B. Mauch, Glenside, chaplain.

Members at the convention also passed a resolution supporting a three-dollar-a-year contribution to the International Officers association.

The State association was welcomed to the borough by Burgess John B. Hartenstine Jr.

Hartenstine's welcome was followed by a report from the State president, Jesse W. Roberts.

* * *

AFTER HIS report, meetings were conducted between the various groups in the association.

The last Saturday in April was set as the date for the convention next year in Philadelphia.

On the convention committee this year were Prince, Hartenstine, E. Gephart Zollers and Melvin E. Pierce.

Local officers of the High Twelve are: Harvard Fosnocht, president; Leonard Hiltwine, secretary; John W. LeVeille, first vice president; Harold E. Binder, second vice president and Alfred Haas, chaplain and State representative.

Man Is Fined After Accident

A Pottstown man paid a $10 fine and costs Sunday before Justice of the Peace Earl R. Strange and charges of drunk and disorderly conduct after his car struck a parked auto at Glasgow and West Walnut streets.

James Barrett, 169 Potts drive, was arrested by Sgt. Michael Shanta and Motor Patrolman Lorin Leuthold of the Pottstown police after the 9:20 p. m. accident.

Barrett said he was driving south on Glasgow street and turned east onto West Walnut street. When his "brakes didn't hold," he struck a car parked on the south side of Walnut street, owned by Richard A. Sands, 554 West Walnut street.

Child Is Injured

A child was injured and two autos damaged Sunday afternoon in a collision on Swamp pike, ¼ mile north of Route 422 in Limerick.

David Krause, 5, son of Mr. and Mrs. Richard Krause, Earlville, suffered a cut of the forehead when the impact of the crash threw him into the dashboard of his father's car.

Krause was driving south on Swamp pike when Franklin Weaver, of Collegeville, drove from a driveway onto the road. The cars collided. Jefferson-ville State Police investigated.

Three Members Of Armed Forces Hurt In Crash

A motorist driving on the wrong side of the road in Upper Providence early Saturday caused a head-on collision injuring three service people.

Sonny Johnson Jr., an Air Force sergeant stationed at MaGuire Air Force base, N.J., was identified by police as the driver of a car which turned onto Egypt road from Route 29, drove 250 feet down Egypt road on the wrong side, and struck a car, injuring two WACs from Valley Forge General hospital.

Sgt. Johnson, SP/5 Lorraine A. Wade, driver of the second car, and Sfc. Marjorie Murphy, all were treated at the Valley Forge hospital after being taken there by a passing motorist.

Johnson had head injuries and Miss Wade was treated for a bruised right knee. Both were released. Miss Murphy was admitted for observation of head injuries.

Nathan M. Keyser, Upper Providence township police chief, investigated the 3 a.m. crash, assisted by Troopers John McCormick and Clarence Benko of the Jeffersonville State Police barracks.

Face Lifting

SPRING and cleaning. These are two words which have become practically inseparable.

The mop, the bucket, the scrub brush are as symbolic of this season as the crocus and the daffodil. Nothing is quite so satisfying as the wakening from Winter doldrums to the constructive action of cleaning, scrubbing and polishing.

If we add to this basic Spring mixture the further ingredients of repairing steps, roof, electrical appliances, painting interior and exterior surfaces, planting flowers, Pottstown community will reflect Nature's reawakening.

Pottstown's Clean Up Week begins today. All Pottstown is urged to make this week one for cleaning in and out of the house. Clean the attic and cellar of rubbish; clean the yard of ash piles and debris. Clean up and paint up all around the house!

All borough and school district departments are cooperating in this event. Get out the trash, and make Pottstown a better community in which to live!

* * *

One of the best ways to attract new business to Pottstown is for all of us to do well in the Clean Up campaign.

New industry is attracted to a community which has a reputation of being progressive, clean and healthy. When corporations consider expanding into new localities, a specially trained staff is sent to examine various possible locations.

A clean, attractive town rates high because it is apparent that its citizens are interested in better living.

Needless to say Pottstown wants new business and industry. The Clean Up campaign is one way of attaining this goal.

As our community improves its appearance, reduces health hazards, cuts fire losses and shows the world a cleaner face, it will be apparent to everyone that our citizens are progressive and civic minded.

There will be an increase in economic activity and tourists will be attracted by our beauty and cleanliness. They'll stop here for lunch while driving through or even remain for a day or two. And this means that they'll spend money in our community.

It's good business for everyone of us and an investment in the future to participate in the Clean Up campaign and make it a success.

Pottstown is on the map today because of its concerted campaign of betterment and beautification in 1961. It can gain a more favorable position in the nation if it can be classed one of America's cleanest cities.

Won't you help Pottstown toward that honor? Cooperate in the Clean Up campaign this week.

Broad As The Universe

A more-than-superficial significance can be read into a late AP news photograph.

It shows President Kennedy throwing out the first baseball, to start the major league season in Washington, D. C. He thus followed a pleasant custom that goes back to the Taft Administration.

Beyond that, the significance is in the men seated on either side of the President. One is a leading member of his own party, Senator Humphrey. The other, however, is a leader of the opposition—Senator Dirksen.

Mr. Dirksen, needless to say, will disagree with the President and with Mr. Humphrey on many an occasion, and will do his honest best to defeat various of the laws they support—just as he did his honest best to block the President's bid for office last November. But that does not stand in the way of a mutual friendliness and respect.

In many a nation there is no opposition to those in power—the former opponents are either exiled or dead. In a free nation, political opponents go together to a sporting event. This difference is as broad as the universe and is the distinguishing characteristic of free men.

Pretty Remote

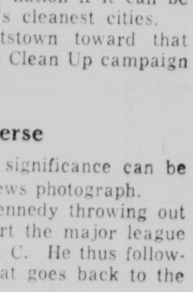

IF the do-it-yourself craze continues it might even extend to thinking.

Grampaw Oakley

PUNKIN CORNERS,
April 30.

Editor, The Mercury,
Dear Sir 'n' Brother:

Wal, I see by the papers where Yuri Gagarin, Russia's spaceman, says that from 190 miles up the earth looks blue. Thanks to the current international unrest it often looks like that from here, too.

According to dispatches, Moscow's celebration of Gagarin's feat was right out of this world.

In South Africa a tank containing 2000 gallons of brandy was struck by a thunderbolt but the booze was undamaged. Ah—liquid lightning!

And say: Another dispatch from South Africa reports four Johannesburg university students set a world's record by playing contract bridge for 76 continuous hours. They probably took turns being dummy in order to catch up on their sleep.

Hopin' you air the same,

No Soft Job Here

To the Editor: It is amazing the speed with which those dolts in Harrisburg passed their $3000 expense account bill increasing their yearly take to $9000.

Why can't they utilize the same speed in passing H. B. 1027, which would increase teachers' salaries (not by $3000 but only several hundred)?

My husband is a teacher and makes less than half of $9000 a year. I have a parttime selling job in order to make ends meet. I cannot take a fulltime job until our child is in school as I believe "a mother's place is in the home."

My husband should go to Summer school to increase his knowledge, thereby becoming a better teacher.

Who can afford it?

He must work in the Summer (instead of loafing for 10 weeks as many people think teachers do) to pay our local taxes and get caught up on other bills.

I hope the boys in Harrisburg soon can act upon the salary bill for the teacher, if they are not too busy spending their ill gotten gains.

Trappe BARBARA S. HARTMAN

Favored Folks?

To the Editor: I wonder what makes the postoffice employes think they are some special brand of person.

I especially refer to the truck drivers who think they can park (and do) anywhere at all.

They park in illegal spots, in front of fire plugs, right on corners and everything.

Isn't it about time they were told they have goodwill to protect? Why can they get away with this law infraction?

Isn't there a postmaster who will tell them to obey the law. Who are these guys, anyway?

Pottstown SORE

Spring Saving Time

To the Editor: It is my considered opinion that crops and gardens should be planted in the Spring, and I have talked to many people who agree with me wholeheartedly.

In fact, we feel so strongly about the subject that we think Pennsylvania should pass a law giving Pottstown SST (Spring Saving Time).

The calendar should be set ahead, or back, I don't know which (it's so confusing). Anyway, when there's 60 degree, rainy days the calendar should say February or March, not April or May. This should give our legislators something to fill their time in the extra session.

The senate and house could have a good ol' tug-of-war with it, and it would be just too bad if there were no time left for legislation about increased appropriations for increased salaries, or keeping billboards off the highway.

Pottstown BR ZERO BR

Fate for Eichmann

To the Editor: The trial of Adolf Eichmann is a farce since Israel, where he is being tried, did not exist when the atrocities took place.

It will help no one to take Eichmann's life.

Israel instead, should make him take a tour as a ghastly remidner of his work, then make him live in the gas chambers with the human skulls, teeth, hair and bones he so ably put there.

Boyertown NEIGHBOR

Don't Press the Kids

To the Editor: I do not think our children's education should be chastized because of the Russians' recent conquest of outer space, as your recent political cartoon implied.

Can we expect American children to develop those native traits of friendliness and companionship, if they must spend yet more of their time behind books?

When will the family be able to communicate to each other in the living room throughout their favorite programs, if the children are isolated by their studies?

The next wave of Cuban invaders will number over 5000. They'll probably be set to go by the end of next month.

The Worry Clinic

By DR. GEORGE W. CRANE

ZELMA MERCER is a superb high school teacher at Moundsville, W. V.

"Dr. Crane," she began, "I'd like another article showing exactly why tobacco and alcohol are bad for athletes.

"Several years ago you wrote about this subject. I clipped the column and fastened it to the wall in my school room, next to the pencil sharpener.

"The pupils underlined various places until it finally wore out. So please give us another medico-psychological analysis of tobacco and alcohol."

* * *

MIKE PEPPE, famous swimming coach at Ohio State university has produced many Olympic stars. He says:

"We do not permit any member of our swimming or diving teams to use alcoholic beverages or tobacco in any form or quantity."

This typical attitude of modern coaches is medically sound. Here are the reasons why tobacco hampers athletes (and also predisposes heart patients to fatal coronary attacks):

Carbon monoxide in the smoke "fixes" some of your red blood cells so they cannot carry oxygen.

This carbon monoxide content of the smoker's blood may run as high as 10 percent.

Indeed, the smoking of just three cigarets, says the 1959 American Medical association report, produces the relative oxygen deficiency of a 7500 foot mountain top altitude: Visit your library and read Chapter 21 in my college textbook, "Psychology Applied."

Obviously, shortage of oxygen to the muscles "winds" an athlete. Smoking also makes his heart beat faster, even when he is standing still.

* * *

TOBACCO ALSO promotes thickening of the artery walls with a consequent rise in blood pressure. This makes the heart work much harder and also predisposes tobacco addicts to strokes of apoplexy and coronary attacks.

Smokers also have a thicker coating of mucus in their windpipes and lungs. That is why they cough so much, especially when they change posture from vertical to horizontal at bedtime.

Likewise, in the morning when they arise and go from horizontal to the vertical, this sudden shift of fluid along the air channels then produces tickles and heavy bouts of coughing.

But that thicker lining of fluid slows down the exchange of oxygen in the lungs, so this also makes the smoker shorter of breath when he engages in athletics of any sort.

"How to Break the Tobacco and Liquor Habit", is available to you for 20c if you write Dr. Crane, care of The Mercury and enclose a long 4c stamped, self-addressed envelope.

Inside Television

By EVE STARR

THE GRAPEVINE: The new young name on "Wagon Train" is going to be Scott Miller, who is being prepared to relieve Bob Horton of his chores season after next.

MGM, looking ahead to 1962-63, has no fewer than 12 hour-long series and eight half-hours on its planning boards.

Twentieth Century Fox's new "Follow the Sun" hour series for ABC will be produced by long-time writer Marion Hargrove.

No fewer than 40 network shows, seen on the air at one time or another during the 1960-61 season, have already been given the axe and will not be around come next Fall.

* * *

WORD-OF-MOUTH: ABC has now decided to fill its Wednesday 7:30-8:30 p. m. spot, being vacated by "Hong Kong," with two half-hour shows, both involving the Civil War period. Leading off will be Nick Adams' "The Rebel," followed by "The Yank." Both are produced by Goodson-Todman, the highly successful firm which got its start in life with "What's My Line?"

TV's biggest wedding in three years will take place in November on MGM's new "Father of the Bride," with about six episodes leading up to it.

A sleeper, "Ben Casey," hour-long series dealing with a doctor, gets the 10-11 p. m. Monday spot on ABC. Its creator is Jim Moser, a veteran of both "Dragnet" and Dick Boone's "Medic".

"Kukla and Ollie" without Fran Allison, will be back on NBC next season in a daily five-minute strip.

Ed Sullivan's May 21 show will come from Las Vegas, with Jerry Lewis as the chief guest star.

* * *

I SHOULD like to bow, rather low, to the Scott tissue people. They have a new commercial on the air, what they call a "casual commercial." It shows a family gathered in the kitchen—a baby in a high chair and two slightly older children milling around with their mother.

One of the kids is trying to spoon-feed the baby, not with any notable success. The atmosphere can only be called natural—i.e., sloppy.

There is no father in the picture singing about the joys of his morning cereal. Mother looks harassed and the kids don't look as though they'd just been dressed up for a birthday party. Baby food is spilling all over the place and the baby finally drops his plastic dish on the floor.

Mother, without singing, mops things up with Scott tissue. I've seen the same scene in my own home a thousand times (and a thousand years ago, I might as well add) and it evokes a pleasant nostalgia. It's honest, it's real and it doesn't insult the intelligence of the viewer.

(If I see one more jovial husband oh-ing and ah-ing over his breakfast cereal I'm going to sue somebody for slander. The American husband is a fine old institution and he does not sing at the breakfast table. If he did, his wife would kill him.)

Happy Landings?

Interpreting The News

Jubilant Moscow Marks May Day

By STANLEY JOHNSON
AP Moscow Correspondent

The Soviet Union began May Day celebrations Sunday in a buoyant, bumptious mood broken only by the difficulty of getting food and drink.

Scarlet and gold banners in the streets and joyous newspaper headlines boasted of Yuri Gagarin's feat in orbiting the earth in a space ship.

* * *

There was no mention of Francis Gary Powers and his U2, downed a year ago Monday at Sverdlovsk and ushering in an explosive new period of international relations.

Premier Khrushchev flew back from a Black Sea vacation to head the list of dignitaries taking the salute from atop the Lenin-Stalin tomb in Red Square at the gigantic parade climaxing the festivities Monday morning.

* * *

There was no hint either in the press or among well informed residents that the parade would produce anything spectacular. There was also no word about the release of Powers from prison or any dramatic new space shot.

But there was an article in Komsomol Pravda saying the Soviets have an astronaut in training for a moon flight. It gave no timetable.

Moscow weather was still cold but green buds were beginning to appear on the trees. Great red banners and posters were set off by huge urns of artificial flowers.

Loud speakers blared popular and patriotic music in the squares and at street corners.

* * *

TV cameras, which for the first time will show the festivities directly to western Europe, were set up at strategic locations.

Gagarin's portrait flashed in electric light.

Radio broadcasts made long blasts at the United States for its actions in Cuba and other areas of the globe.

Gagarin himself was hidden away for privacy since so many sightseers and hero worshippers had clustered around his new four-room apartment that he and his family had been unable to move in.

Although the people were full of political confidence, their attention was directed more at getting ready for their holiday party — a tough job this year, the worst since the death of Stalin.

* * *

Vodka ran out at noon Saturday. Meat, which had been on sale for a short period in the street market Saturday, disappeared again. There was not even any sausage in the Moscow shops.

There were long lines to buy oranges and lemons at those few stands which had managed to get them.

The food shortages have been blamed on bad weather, the severe winter that killed cattle, and the fact that agriculture production fell well below production norms. There is no evidence of any general food being stockpiled.

ALL AROUND THE TOWN

They're Human, Too . . . Bobby Takes Ribbing . . .

★ **REPARTEE** — The American Society of Newspaper Editors had its moments of levity during its august Washington, D. C., sessions. The gravity of the world situation was eased slightly by a light touch. **Peter Lisagor,** Chicago Daily News Washington bureau head, convulsed his audience and brought wry smiles to the face of **Pierre Salinger,** press secretary to the President, when he said the new format of the Kennedy press conference was a "mess, disorderly and disorganized." Since TV took over, he said, the press conference had "all the intimacy of making love in Carnegie Hall". Reporters are little better than props, he said, "bobbing up and down like kids with nervous bladders". Any coherence that comes out of it is almost an accident, he declared. Salinger was caustic in his reply. He said if the press conference was non-informative it was because the reporters didn't know the right type of question to ask. "The TV conference is here to stay," he predicted.

TURNER CATLEDGE, society president and managing editor of the New York Times, got off a funny while making an introduction. He told of the millionaire who was on the Titanic when it was sunk, and who suddenly found himself floating around with icebergs. The millionaire commented: "I ordered some ice, but hell!, this is ridiculous!" . . . Lester Markel, Sunday New York Times editor, reported on Russian editors coming to the US for an exchange visit. "We will be approximately delighted to receive the Russians," he colorfully said. . . . Eugene S. Pulliam Jr., Indianapolis Times, said "We have a motto in our office: If at first you don't succeed, the hell with it!" . . . . Some reference was made to the society as being a loose organization. If it were any looser it would fall apart. If it were tighter, it'd be a menace! . . . .

* * *

★ **FUN DEPARTMENT** — Possibly the "ribbingest" introduction was made by **Vermont C. Royster,** Washington man for the Wall Street Journal. His job was to present **Robert F. Kennedy,** attorney general of the US, who was to speak on crime, civil rights and other problems. Royster, a Virginian with a sugary southern drawl whose dry humor was accentuated by a poker face, admitted politics might have had something to do with Kennedy's appointment. He recalled as a youngster he did leg work for the attorney's father, **Joseph Kennedy,** who certainly was an adroit politician. Then he said "You take **Lyndon Johnson.** He declared he was surrounded by Kennedys in California. And look what happened to Johnson. He was elected vice president of the United States. So there was politics present. "Then, without a trace of a smile, Royster said: "But if you think there was any political influence from any other quarter, you are sadly mistaken!" . . . .

* * *

BOB KENNEDY went along with the gag. He thanked Royster for the introduction. It was fine he said, and he was delighted with it. But he said he wouldn't think of carrying Royster around with him through the country to make the same kind of introduction! Then he said: "I wonder, Mr. Royster, if you will write, on a little slip of paper, the office to which you sent your income tax return. If you don't hear from me Monday, you'll hear from one of my men whom you'll dislike as much". Kennedy's best quip came when, in reply to a question, he said his department would not prosecute the John Birch society unless it violated some Federal law. He said the Birch society seemed to be engaged in trying to find communist agents in this country. Then grinning, he added: "As far as I know, they've uncovered only one real, live communist—and that's a former President of the United States" . . . .

* * *

★ **NAME DROPPER** — You newspaper readers might have been interested in seeing some of your favorite columnists, such as **Ralph McGill, Scotty Reston, Roscoe Drummond,** among the working newspapermen, not to mention TV personalities like **Sandor VanOcher, May Craig.** Newshens added color to the proceedings. Such as **Dorothy Schift,** New York Post owner, **Alicia Patterson,** Newsday proprietor, others added charm. . . . **Max Freedman, London** newspaperman cracked "Politicians know a halo is a noose that slipped." . . . Newman's best flash of the week: "Eichmann wants to settle out of court."

Cuba's Economic Chief Gives Program

KEY WEST, Fla. (AP) — Ernesto (Che) Guevara outlined Sunday an industrial program to put Cuba well on the road to a planned "socialist" economy.

Speaking publicly for the first time since Cuba was invaded two weeks ago, the economic chief urged a renewed drive toward total state control of industry "while the blood of all the martyrs is still fresh on the land."

* * *

In a talk over Cuban TV, he outlined a four-year plan designed to pull Cuba up by its economic bootstraps. The plan, to start next year, is patterned after the system used by Communist countries.

He said Cuba's middle class had forfeited any rights to own private industry by fleeing the country, conspiring against Prime Minister Fidel Castro's regime and then returning as invaders.

He said the Cuban state now has control of the principal means of production.

* * *

A small, round scar on Guevara's right cheek and a wad of cotton behind his right ear were visible to viewers of the telecast from Havana, monitored here. These recalled reports that Guevara had been wounded, accidentally or otherwise, during the invasion.

Illustrating his talk with economic charts, Guevara said that the first area to be extensively developed under the four-year plan will be the Santiago area of Oriente Province, where he said there are vast mineral resources "which can guarantee 60 years of production at 250,000 tons a year."

* * *

He said iron, chromium, sulphur, nickel and cobalt deposits "are immediately exploitable."

Cuba also will use, he said, a Soviet chemical detergent to clean out oil tankers so the same ships can bring Soviet petroleum to Cuba and return with cargoes of Cuban sugar.

His talk was part of a buildup for Monday's celebration of May Day.

Havana Radio said Prime Minister Fidel Castro was quoted as saying Cuba will reclaim the U.S. naval base at Guantanamo Bay at the "opportune moment and by legal means, so this will not be taken as an excuse for an invasion."

* * *

In outlining his economic plans, Guevara said they are highly uncertain because of "the threat of United States aggression."

"Their plans include the destruction of our industry through sabotage and they might even send planes to bomb us," he charged. Referring to President Kennedy, Guevara said, "the future depends on the decisions of a fascist leader of a country which is fully fascist."

* * *

An important factor in Cuba's economic development will be the use of "a labor force," which will also help alleviate grave unemployment, Guevara said.

He asserted that Cuba needs schools, housing, electrical power, a merchant fleet and airplanes "but it can't be done in five years by a people that has been desiring bread for centuries."

Industrial goals include oil exploration with help from Soviet technicians, a new steel plant producing 250,000 tons a year, and doubled electrical output within five years.

Cuba has a contract with Czechoslovakia for a factory to make tractors, trucks, motorcycles and, later, automobiles, Guevara said.

BOY BURNED

A cleaning fluid exploded Saturday afternoon, causing burns of the face and hands of a 12 year old Douglassville RD 1 youth. Treated at Pottstown hospital was Nathaniel Sherman Jr., a son of Mr. and Mrs. Nathaniel Sherman Sr. He was released.

Your Horoscope

The Stars Say—By ESTRELLITA

For Today

PLANETARY aspects can make this a rather glamorous period as far as dealings with friends and loved ones are concerned. Be cautious in business and financial transactions, however.

For The Birthday

If today is your birthday, your horoscope indicates that it would be expedient to push ahead now with important plans and programs involving future security. Job and financial advancement are indicated later this year—notably in June, July and October—but you will have to plan immediately and get things launched by the first week in June. Don't offset gains, however, by being extravagant — especially during August and November.

Except for the months of June and September, personal relationships will be governed by good aspects but, during these months, do go out of your way to be tactful with business associates and members of the family—especially the latter.

For those contemplating matrimony, mid-June will be an excellent period and both late July and late August will be excellent for travel. December should bring some excellent news to wind up the year.

A child born on this day will be highly energetic, aggressive and extremely determined.

Storms Cause Postponement Of Navy Manned Balloon Flight

PENSACOLA, Fla. (AP) — A third postponement was ordered late Sunday in the Navy's planned first launch of a huge manned balloon from a carrier deck.

The attempt was called off because of expected thunderstorm activity in the launch area in the Gulf of Mexico about 100 miles out from Pensacola. The ascent was to have begun early Monday from the carrier Antietam.

* * *

A new try is to be made early Thursday. If it fails, another will be made Friday, and still another on Saturday.

Should these attempts be washed out, the site of the experiment probably will be shifted to the Atlantic Ocean for two tries in about a month.

The flight is designed principally for scientific research but an expected offshoot is that the balloon will reach a record height of about 116,000 feet, or almost 22 miles above the earth's surface.

* * *

A deep feeling of disappointment was evidenced by members of the team of scientists who had waited for hours Sunday for the go ahead.

Cmdr. Malcolm Ross of Washington, who will pilot the vast balloon, is attached to the Office of Naval Research. He had made eight major balloon flights to high altitudes and has spent more than 100 hours in the upper atmosphere —far more than anyone else in balloon history.

Scientific observer on the projected flight will be Lt. Cmdr. Victor Prather, medical officer at the Bethesda, Md., Naval Medical Research Institute. This will be his third balloon flight.

Bullet Travels

POWELL, Wyo., (AP) — A .22 caliber bullet which struck 17 year old Bruce Lamb while rabbit hunting apparently was pumped by his heart into an artery and moved through the blood stream all the way to his knee.

Dr. Ray Christensen said the bullet struck a rib, pierced the boy's left lung, lodged in his heart and was then pumped into an artery.

Christensen said he first thought the bullet had disintegrated, but after taking a series of X-rays nearly 24 hours after the accident found the slug in the back of Lamb's left knee. The boy recovered.

FACES HEARING

William Johnson, 29, who gave his address at the Shuler hotel, is being held in borough jail for a hearing today on charges of disorderly conduct. He was arrested Saturday at 5:20 p.m., at Walnut and Hanover streets, by Sergeant Michael Shanta and Patrolman Lorin Leuthold.

METROPOLITAN
announces a service for all fathers
FAMILY SECURITY CHECK-UP
Family Security Check-Up

Now you can check up on your financial health, just as you check up on your physical health. This service is more than an interview. It is a review every father should have regularly—whether he needs insurance or not.

EVERY YEAR, millions of fathers have health check-ups. Yet, millions of fathers don't check up on their family's *financial* health.

Metropolitan Life Insurance Company now offers a service which lets you do just that: The Family Security Check-Up. It is a service which can bring you new information and correct mistakes. It lets you make sure you've planned your family's future with your head as well as your heart.

What you could lose without one

Our experience with millions of families shows there are mistakes, oversights, gaps in the average man's financial security program. Too much of it is haphazard. Too much of it is left to chance. It lacks a *plan* or too often it simply falls behind the times. For example—

You can unintentionally "disinherit" a child, in effect, if you have overlooked naming him among your beneficiaries.

Social Security benefits for your wife and your children may not dovetail efficiently with your pension or insurance programs.

As much as 20% more actual cash can be provided depending upon the mode of payment selected.

A guaranteed income—until your youngest child is grown up—can be provided even if you are a man with a moderate income.

Times change; many changes can affect your plans. Changes in income, occupation, in children's ages, in the cost of living—all these mean that a father should have a financial check-up regularly. And he should also make sure he has taken advantage of the most *modern* insurance provisions and benefits.

More than an interview—a service

Metropolitan, the company you look to for authoritative information on physical health, offers a way to check up on your family's financial health.

You'll see, below, all the steps you go through to satisfy yourself that the provisions you have made for your family will do what you intend.

Metropolitan representatives have been trained in Metropolitan's own schools and are qualified by solid experience to bring you this service. They are equipped with businesslike charts and tables that show you exactly where you stand.

Whether you need insurance or not, this service makes sense. Remember, Metropolitan is as local as Main Street . . . as close as your phone. Call your Metropolitan man today.

There is no obligation—*except to those you love.*

Family Security Check-Up

WHAT IT IS AND WHAT IT DOES FOR YOU

With the help of your Metropolitan man—

1. **You check the facts:** your Social Security, your home, your life insurance, your pension plan, your savings and other assets. You may be surprised to learn how *much* you're worth.
2. **You weigh your responsibilities:** mortgage or rent payments, education, retirement, accident and sickness emergencies; how much it would cost your family to live without you.
3. **You learn where you stand.** You determine your weak and strong points . . . whether the provisions you have made for your family will do what you intend. You get the facts in front of you.
4. **You plan for the future.** Based on these facts, you decide what action, if any, may be needed to give you a family security plan, tailor-made to your own needs and ambitions—one which makes good sense for *you.*

DR. SCHORSCH WILL GIVE 'Y' LECTURE

Final Talk In Series Is Scheduled for Wednesday

LUTHERAN PASTOR WILL BE MODERATOR

Dr. Emil Schorsch, Rabbi of Congregation Mercy Truth Synagog, will be the final speaker at the YMCA, King and Evans streets, Wednesday at 7:30 p. m., for the Industrial Management Club's course on "Religion And Industry." The public is invited to this final discussion session.

Rabbi Schorsch studied at the German universities of Breslau and Tuebingen, receiving his doctor of philosophy degree from the latter institution.

He also studied at the Jewish Theological seminary of Breslau, entering the rabbinate in 1928 and served the Jewish community of Hanover, Germany, as rabbi for the 12 years, until the Nazi purge in 1938 destroyed more than 260 synagogs in Germany.

He fled to England where he remained for more than a year before coming to the United States.

SINCE AUGUST 1940, Dr. Schorsch has been rabbi of the Congregation Mercy Truth and also Jewish chaplain at the Valley Forge General hospital since 1943. He is author of a book in German entitled, "The Teachability Of Religion."

Dr. Schorsch will discuss the subject "A Friend Of God," basing his discussion on the five books of Moses and the Prophets. It is a subject upon which no one has written anything and hence will be a unique, original development.

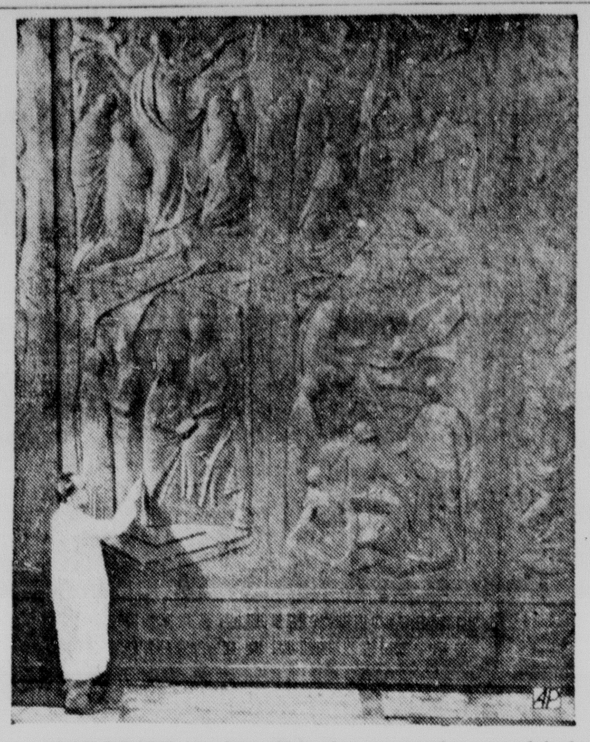

The Rev. Richard G. Hoffert, pastor of Grace Lutheran church and president of the Pottstown Ministerial association, will again serve as moderator.

Howard Long, education chairman of the Industrial Management club, is in charge of the arrangements.

Brethren Service Staff Gives Training Session at Parker Ford

The Brethren Service Commission staff of the Church of the Brethren General Brotherhood board conducted a Brethren Service training conference for the North Atlantic District churches in Parker Ford Church of the Brethren.

Directing the conference was the Rev. Ralph E. Smeltzer, Elgin, Ill., director of peace and social education for the brotherhood. The Rev. W. Harold Row, executive secretary of the staff on Brethren service presented the main address of the conference on the theme "The Philosophy of Brethren Service." The Rev. Row, a former pastor of Norristown Church of the Brethren, is now living in Elgin, Ill.

Thirteen churches were represented at the two sessions, the first in the afternoon and another in the evening. A box luncheon was served in the Brethren Fellowship building with the host church providing beverage and dessert, at the supper hour.

There was an exhibit of literature for inspection of those attending the convention in the James Quinter classroom of the church.

OPENING DEVOTIONS were in charge of the host church. Mrs. John Malenke directed congregational singing with Judy Simon at the organ. Evening prayer was given by Betty Lou Fryer, chairman of the citizenship department of the North Atlantic district CBYF cabinet.

W. Ray Kyle, director of material aid for the Brethren service center at New Windsor, Md., was in charge of presenting several short role plays illustrating Local Social Problems. Participating was the Rev. Dr. Ralph W. Schlosser, Elizabethtown college professor, well-known in the area as a Bible expositor.

Also taking part was Eastern regional executive secretary, the Rev. Roy S. Forney, Martinsburg.

Each church group attending the evening session reported on accomplishments concerning the Brethren Service program and Needs of the local church. A check list study was used for this portion of the conference.

* * *

A DISCUSSION followed a panel type program on themes "Brethren Service Activities in the Local Church;" "Planning the Brethren Service Program in the Local Church;" "Program Priorities This Year;" "Brotherhood Theme;" "Organizing for Brethren Service in the Local Church" and "Brethren Service in the Church of the Brethren Youth Fellowship Program."

A film entitled "The Sound of the Stone" concerning freedom of speech and religion was shown at the conclusion of the conference.

Approximately 80 persons attended representing the following churches: Ambler, Coventry, Drexel Hill, Green Tree, Harmonyville, Norristown, Parker Ford, Philadelphia First, Pottstown, Quakertown, Royersford, Springfield and Wilmington, Del.

John A. Kreps, Pottstown RD 1, a member of Coventry church and chairman of the North Atlantic district Brethren Service commission made arrangements for the conference.

Senate Foreign Relations Chief Opposes Use of Troops In Laos

WASHINGTON (AP) — Chairman J. William Fulbright, D-Ark., of the Senate Foreign Relations Committee said Sunday he is firmly against sending American troops into Laos to stem the Communist drive there.

But he said he would favor further American military action in South Viet Nam, Thailand or Burma if those nations request it.

America faces a serious loss of prestige if Laos falls to the Communist-led Pathet Lao rebels, Fulbright acknowledged.

"But I don't think the terrain and conditions are right for sending in our troops," he said. "We must seek another solution and we are."

Fulbright spoke out before a television news panel (NBC — Meet the Press) against a background of Communist success in Laos, Cuba and South Viet Nam, where guerrillas are threatening the pro-Western government.

* * *

He said one of the greatest failures of the present administration had been its failure to inform the American people of the crisis they face.

"I would hope the President would give some special attention to informing us over television," Fulbright said. "He should have some educational interviews to inform all of us of the nature of the conditions we confront and what should be done about them."

* * *

Fulbright said he was confident the American people are eager to do whatever needs to be done if it is clearly outlined." He said this included paying higher taxes if necessary.

Fulbright was critical of the Central Intelligence Agency, which has been blamed in some circles for failure of the U.S.-backed invasion of Cuba. And he cited congressional refusal to place foreign aid on a long term basis as one of the root causes for failure of America's aid programs to accomplish their intended goals.

CIA intelligence work should be separated from its other operations, the senator said, but didn't enlarge on how this should be done.

* * *

If Congress would adopt long range foreign aid—and Fulbright said this meant at least for a five year term—it would demonstrate American acceptance of responsibility for progress "rather than a relief program" in this field, he said.

The administration favors this approach and will probably seek a long term program when it presents its foreign aid plan, he added.

Fulbright said America's policy is moving away from reliance on foreign bases, but he would not favor returning the U.S. base at Guantanamo to Cuba at this time.

Democrats Will Take Over Control of Commonwealth's Purse Strings

HARRISBURG (AP) — Control of the commonwealth's purse strings will pass this week into the hands of Democrats for the first time since 1945.

Mrs. Grace M. Sloan, 57, of Clarion, will become the second woman in Pennsylvania history to assume a statewide office Monday when she receives the oath as State treasurer.

The first woman ever elected to a statewide office was Genevieve Blatt of Pittsburgh, secretary of internal affairs. The first woman attorney general in the State's history, Anne X. Alpern of Pittsburgh, serves in an appointive post.

* * *

On Tuesday Thomas Z. Minehart, 53, of Fort Washington, Montgomery county, will be sworn in as auditor general.

Both ceremonies will be at noon. The oath of office will be administered both times by Superior Court Judge Gerald F. Flood.

The State constitution provides that the fiscal officers be sworn in the first week of May although they are elected in the previous November election.

Mrs. Sloan is retiring president of the State Federation of Democratic Women. The federation, which scheduled its convention this year to coincide with her inauguration, plans a luncheon in her honor following the swearing-in ceremony.

Republican Charles C. Smith, 52, of Philadelphia, is the outgoing auditor general. He ran unsuccessfully last November for treasurer because the constitution prohibits the fiscal officers from a consecutive four-year term.

The outgoing treasurer is Robert F. Kent, 49 year old Meadville Republican, who was defeated by Minehart in attempting to switch to the auditor general's post.

Some 900 jobs will come under Democratic control when the transfers take place. The figure includes staff members employed by the two departments in Harrisburg and the field.

The fiscal departments were the last ones in Capitol Hill controlled by the GOP.

Police Evict Park Singers

NEW YORK (AP) — Police, ruling that folksingers can be seen but not heard in Washington Square Park, permitted about 60 of them to sit around the park's fountain Sunday but ejected those who started to sing.

A student, William French, 18, was arrested in the resulting confusion and charged with felonious assault. Police said he kicked a detective.

Folksinging in the park — traditional on warm Sundays — has been banned by Parks Commissioner Newbold Morris, who said the minstrels attracted audiences that trampled lawns and kept others out.

The 60 folksinging enthusiasts who made it into the park Sunday were the rear guard of some 2,000 singing demonstrators who had held a party near the park.

Police Inspector William F. Real drew applause when he permitted the 60 to sit around the fountain on the condition that they not sing or play instruments.

When Real walked away, however, some members of the group burst into song. Patrolmen and detectives moved in and ordered the ones who sang out of the park.

BELGRADE (AP) — A census completed April 1 puts Communist Yugoslavia's population at 18.5 million, an increase of 1.5 million over 1953.

FARM HOUSES BURN

AOMORI, Japan (AP) — Fifty-four farm houses were destroyed Sunday in a fire believed caused by children playing with matches.

20 Are Honored For Attendance

Twenty members of St. Luke's United Church of Christ, Trappe, Sunday, were awarded certificates for their Sunday school attendance.

They were: Mrs. Edith Ashenfelter, Mrs. Katharine Christy, Mrs. Ruth Dettrey, Leonard Dilliplane, Mildred Dilliplane, Mrs. Sarah Donahue, J. Latimer Hoopes, Kenneth Klumpp, Roy D. Knisell, Frances Koons, Margaret Kuhnt.

Also, Janet Moyer, Mrs. Betty Murphy, Mrs. Marian Price, George Shader, Gerald Swavely, Charles Walker, Mrs. Rae I. Walker, Vicki Walker and Wesley Zollers.

Area Baptists See Film on Africa

A film, "Conquest of Darkness," was shown in the First Baptist church of St. Peters at 7:30 p.m. Sunday.

The film depicts a village in Kenya, Africa and a native boy who attempts to solve his day-by-day problems for himself and his family.

At the worship service, 11 a. m., the pastor's topic was "Modern Man's Babel."

bedroom of the North Coventry home.

One of the children earlier had unhooked a storm window beside a bed — the window swings outward from the top.

While mother's back was turned, Andrew climbed onto the bed, leaned on the storm window and disappeared.

He may have struck a clothesline on the way down, breaking his fall. Miraculously, he landed on a four-foot square patch of grass between a concrete well platform and a large steel television antenna support.

MRS. STAMY realized immediately what had happened, and ran downstairs as her husband called the Goodwill ambulance.

"When we got to him, we saw he had the wind knocked out of him and he was scared. Because he started crying loudly, I figured he probably wasn't badly hurt," said Stamy.

The youngster was examined at Memorial hospital and admitted for observation. His only injuries were a self-inflicted bite of the tongue and a cut inside his mouth.

"We didn't make it to church (First Presbyterian), but Andy got a fine ambulance ride, anyway," said Stamy.

FORCED TO return home in the early 1920s by an illness in her family, Miss McGann continued teaching at Milton, near Lewisburg.

In 1928 she became one of the first women principals in the United States, at a Johnstown school, and continued for seven years to the time of her illness in 1935.

When she became ill she had earned enough academic credits for a doctorate from Columbia University Teachers college and Pittsburgh university, hours gained largely through concentrated Summertime study. She was writing her thesis for the doctorate when stricken. So severe was the illness, she never completed her thesis.

The devastating effects of the radium forced her into an almost complete idleness until eight years ago when she found the strength and the means of again using her abilities for the benefit of others.

* * *

SHE WENT to work on a parttime basis for the Nurses Registry of the Germantown Medical Doctors unit, an organization that 24 hours a day dispatches nurses by telephone in response to emergency calls in and around Germantown. The work makes excellent use of Miss McCann's calm voice and understanding insight into people — both strong traits of an experienced educator. She now is assistant administrator of the registry.

Several days a week are spent in the Pennsburg RD 1 home she shares with the Nurses registry supervisor, Dorothy M. Stillwagon. Miss McCann still must take great care of her health, for the effects of radium have not worn away.

"I'm just one cog in the wheel," she said of her job, "but it's a great satisfaction to help others again."

"It's like school work in that I deal with people. They have so many problems, somebody has to help them."

These 3 Scouts Have Rough Time

When they recap the Boy Scouts of America Frontier District (eastern Berks county) camporee held over the weekend, the scoutmasters probably will advise some concentrated safety study.

Three campers were treated at Pottstown hospital for minor injuries received during the three day affair attended by 375 Boy Scouts and leaders at Yoder's Grove, near Lobachsville.

Carl Brown, 15, son of Mr. and Mrs. Alton Brown, Douglassville RD 2, Sunday cut his right hand while throwing a clam shell. One suture was needed to close the wound.

Dennis Weber, son of Mr. and Mrs. Carl Weber, Topton, was treated for a burned right hand Saturday. He tripped over a log and put his hand in a campfire trying to break his fall.

James Reese, 12, son of Mr. and Mrs. John Reese, Boyertown RD 2, cut his right index finger during the expedition. Four stitches were taken in the wound at the hospital Saturday at 5 p.m.

plained, "where the youngsters are in trouble we find that the father is either absent or a non-enity."

The rise of delinquency isn't limited to these socially undesirable areas, however, he continued. "In the suburban home more and more fathers are becoming 'weekend tyrants.'"

"They are married to their jobs and work and the only time they see their children—or really see them—is on weekend," he continued, "and that's when they become weekend tyrants."

"The progressive weakening of the father in society is a serious social disease," he added.

* * *

DR. LINDEN also discussed the role of the mental health clinic — and "the development of social services" — in recent years. "But the important thing to remember in this connection is society does not want to assume—and would be better off if it did not have to assume—the responsibility for such services."

"The family would certainly be better off assuming its own responsibilities and solving its own problems," Dr. Linden said, "but the realistic fact is that the problem exists, the family isn't accepting the responsibility, and therefore the public must."

The Mental Health clinic, therefore furnishes society with a place to study and treat the problem "as well as research it so we may be able to prevent it in the future."

While commending the local clinic for "doing a wonderful job," he warned that "Pottstown needs much more mental health activity —it is big enough for a full time clinic."

Mrs. Marvin Lipnack, president of the women's auxiliary, presented the clinic with a $200 check. It was accepted by Dr. Clarence Pentz, chairman of the board of the clinic and toastmaster for the dinner.

Tough April Mellowed As Days Passed

(Continued From Page One)

freezing on two occasions near the start of the month to an unseasonable high of 82 on two days of the final week.

THE MONTH started with chilling winds, snow flurries and temperatures that formed thin coats of ice on water in the suburbs. April 2 turned out to be one of the coldest Easters in the past 20 years.

Chilly, windy weather continued through the first week but surprisingly little rain fell. On the 10th the suburbs of Pottstown got nearly an inch of snow while the community escaped with intermittent rain. Residents who normally expect buds on trees by April 10, found twigs coated with ice on that morning.

The cold pattern was finally broken, but it took a couple storms to do it.

On the 13th winds of 40 to 50 miles per hour tore through the area. At least five trees were knocked down, shingles were torn from many house roofs, power lines were crossed and power cut off temporarily, and area streams rose near flood stage.

THE TOTAL of 2.21 inches of rain that came with the storm nearly flooded the Manatawny and Perkiomen creeks.

After a day of sunshine and continued high winds, the area experienced another storm on the weekend of the 15th and 16th.

A small tornado whipped through Bonnie Brae park, moving a garage two feet off its foundation, knocking down several trees and spraying tree splinters over a wide area.

April relented a little after that, though not really warming up to the extent of being true Spring.

Then the real change came. The mercury stepped to a bud sprouting 64 degrees on the 21st and two days later went to 70. The sunshine of that day brought out many a stroller and marked the first Spring picnic for many families.

On the 24th the thermometer leaped to 82 degrees, just four short of the record for the date. Dry, moving air offset the heat.

The mercury hit 82 again the next day and temperatures generally stayed up through the remaining five days of the month.

While temperatures averaged below normal for 19 of the first 20 days of the month, they were above normal on half of the last five days.

Dog Feels Great

(Continued From Page One)

doggy friend, she headed in the other direction—toward the Kelly home on High street several miles away. Trotting easily down the dirt road, she headed toward a destiny that was to land her on the front page of The Mercury.

Kelly stated later that "Queenie" might have become frightened at the Civil Defense sirens, which coupled with the thunder and lightning of the storm, may have made her fearful of any stranger who came near her.

Several miles away at the same time, Mrs. James Harper, Prospect and Willow street, called a roadman from the AAA to repair her car out front.

A little while later, when she had the door open talking to the AAA man, Joseph Andzejewicz, 419 Center street, Stowe, a German shepherd dog jumped on the porch and slipped past her in the house.

When Andzejewicz tried to get the dog out of the house, it bit him on the hand and leg. He was taken to a doctor by Chief George Maxwell, Upper Pottsgrove police chief who was called by Mrs. Harper.

After several unsuccessful attempts to lure the dog out of the house, Maxwell decided to go in and bring the dog out alone.

* * *

"I DIDN'T want to shoot her," Maxwell said. "I wanted to take her alive. It's difficult to tell if a dog has rabies if it has been killed . . . That's the technical reason I didn't kill her . . . also I like animals."

Like animals or not, Maxwell knew he was taking a chance when he entered the kitchen and saw the dog crouched in a corner waiting.

"That man didn't even pull a gun," said Harper.

Maxwell bent down several feet from the dog and began talking to her. When he reached out his hand to touch the dog, she lunged at him. He talked to her some more.

Two hours later Maxwell walked out the front of the house leading the docile dog with a rope. With the power of gentle words he had talked the dog out of her anger and fear.

Knowing the dog would have to be kept ten days to determine if it was rabid or not, Maxwell took it back with him in the police car. The dog remained calm and friendly.

"That dog isn't mad," Maxwell said, "she's just scared."

The next day Kelly called. "Did that dog get carsick when you took him back? he asked Maxwell.

"He looked like it," Maxwell said.

". . . I think that's my dog," Kelly said.

* * *

"SHE SURE was happy to see that man," Maxwell said later, after Kelly had retrieved his dog. "She was so happy, she was shaking all over."

Maxwell said that he allowed Kelly to repossess his dog with the understanding that the dog would be well-chained for the next ten days in case there is any possibility of rabies.

"In the Summertime there's sometimes 35-40 kids playing with that dog, hanging around his neck," Kelly said. "They love her, and she loves them."

"She kissed me when she came back," whispered Kelly's little daughter, Joan.

"I was lucky she wasn't shot," Kelly said. "I got to hand it to that cop—he had plenty of nerve. Anybody that goes in to tackle anything like a boxer or a German shepherd that they think may be mad, without even pulling a revolver—has got plenty of guts."

* * *

BUT MAXWELL'S actions were most appreciated by Kelly's small children in a gesture that spoke louder than any words. When they saw their fierce-looking shepherd dog, with his long, curved teeth and wolf-winter coat, they threw their arms about his neck.

The only person who should bear ill will toward the dog — Andzejewicz — who was severly bitten in the hand, bears little. Andzejewicz is well acquainted with Kelly and has done some work on Kelly's car.

When Queenie was returned, Kelly's children spent most of the weekend playing with her in the big field on Steinmetz road. Happy that she was alive, they raced around the field, grabbed her thick coat and pulled her ears, little thinking of the thin wiry cop in Upper Pottsgrove who said:

"I wasn't going to kill that dog. I would have stayed there the rest of the night if I had to."

Fire Destroys Machine Shed

A fire of unknown origin Saturday night destroyed a machine shed on the property of Alfred Petrowski, Wartman road near Township Line road, in Upper Providence township.

Firemen from the Trappe, Collegeville and Limerick fire companies saved Petrowski's house, 20 feet from the blazing one-story shed, by directing a steady sheet of water on the dwelling as high winds drove flames toward it.

The only damage to the house was broken storm windows and charred paint from the intense heat.

Petrowski, who recently operated a service station at Township Line road and Route 422 in Limerick, had stored a quantity of garage equipment and oil drums in the shed.

* * *

THERE WAS no damage estimate. Petrowski guessed the blaze might have been started by faulty wiring.

The blaze was discovered by Elmer Ott, Zieglerville, fiancee of Petrowski's daughter Bernice. Ott glanced from the dining room window of the Petrowski house at 7:30 o'clock and saw the shed in flames.

SCHOOLING INCREASES

NEW DELHI, India (AP)—About 60 per cent of India's 57 million children between the ages of 6 and 11 now attend school, the government says, pointing out that only 43 per cent were in school 10 years ago.

D. G. Goodman is Found Dead by Son in Bedroom

Daniel G. Goodman, 81, widower of Susan (Grater) Goodman, 304 Washington street, Royersford, died suddenly Sunday.

He was found dead at about 9:30 a. m. by his son, Herbert, with whom he lived.

Mr. Goodman had gone upstairs to dress for Sunday School. When he was late coming down his son went upstairs and found him sitting in a chair dead.

Mr. Goodman was born in Graterford the son of the late Robert and Katherine (Goshaw) Goodman. He lived in Royersford for the past 70 years and was last employed at the Bush Brothers Planing mill where he worked for 20 years until his retirement.

HE WAS a member of Trinity EC Church, Royersford; the Loyal Order of Moose, Pottstown; the Humane and Friendship Fire compaines, Royersford, and the Spring-Ford Golden Age club.

His wife died in October 1959.

Surviving with his son, Herbert, are two brothers and three sisters; Clemens Goodman, 338 Main street, Royersford; William, Fourth avenue and Myrtle street, Royersford; Anna, wife of Vernon Long, Norristown Church home; Mrs. Sarah Vollmer, Philadelphia, and Katherine, wife of Robert Lockart, Gloucester, N. J.

Services will be at the Nelson Funeral home, 367 Walnut street, Royersford, Thursday at 2 p. m. with burial in Fernwood cemetery. The Rev. V. L. Cappel, pastor of Trinity EC church, will officiate.

2 Are Injured Using Saws

A 33 year old Spring Mount man and a 61 year old Boyertown RD 2 man both suffered severe lacerations of the hand Sunday when saws they were working with slipped.

William Smith, of Spring Mount, lacerated the four fingers of his left hand when a power saw he was working with slipped.

An emergency operation was performed at Memorial hospital to save the fingers. Numerous stitches were taken.

James L. Hague, of Boyertown RD 2, had 10 stitches taken in the little finger and left hand when a saw he was using to cut wood slipped out of the notch.

He was treated at Pottstown hospital. Both men were released.

52d Anniversary Draws 525 County Fire Fighters

Firemen from all over Montgomery county converged on Royersford for the 52d anniversary meeting of Montgomery county Firemen's association Saturday night. Total attendance was reported as 525, representing 95 companies, the second largest attendance in the history of the county association.

The affair took place in Friendship firehall, beginning with a banquet at 6:30 p. m., served by Hartenstine's, Pottstown. Frank Gresh, Norristown, president of the association, was toastmaster.

Royersford's burgess George W. Lee, a former president, now chaplain, gave the address of welcome in which he injected a boost for Royersford by citing statistics, including its government, schools, industries, and growth.

Also introduced was Donald Mungin, president of Friendship Fire company and many of the visiting firemen.

FOLLOWING THE invocation, by the Rev. John B. Bergstresser, pastor of Royersford Grace Lutheran church, a memorial service was conducted by the Rev. Dr. Franklin P. Watts, pastor of Royersford First United Church of Christ, for 12 members of the association who died during the past year.

The pledge of allegiance was given in unison, and the group sang one verse of "America."

Some 50 door prizes, most of which were donated by Royersford businessmen, were awarded. Harold Haines, a local florist, provided corages for the women guests and red roses for the men.

Entertainment was provided, followed by dancing to Red Adamson's orchestra.

Twelve fire police were on duty at various street intersections and in the vicinity of the firehouse to aid in movement of traffic and parking.

Retired Local Navyman Sees Commissioning

Saturday was a big day for Clark E. Brown, 463 Main street, Royersford, a retired U.S. Navy veteran, with 30 years of service behind him.

Belying his age of 75 years, Brown, nattily attired in his dress uniform, attended, by personal invitation, the formal commissioning of the U.S.S. Kitty Hawk, world's largest aircraft carrier, at the Philadelphia Navy yard.

Formerly of Carlisle, he enlisted in the Navy at Harrisburg in 1905, and retired 30 years later, as chief water tender.

In 1907, he was one of many U.S. sailors in the battleship fleet who visited the ports of the world to demonstrate the might of the U.S. Navy.

* * *

THIS TOUR was ordered by the late President "Teddy" Roosevelt, who had built up the Navy's power.

His tour around the world included China, Japan, Australia, New Zealand, the Philippines and virtually all major ports in Europe and South America.

He was at the siege of Vera Cruz, Mexico, in 1914, and during his service was aboard four battleships, a cruiser, two destroyers and a gunboat.

In 1921, he married Margarite Simek, who died in 1951. Brown has a son, Clark Jr., Chicago, Ill., and a daughter, Mrs. Edgar Nettles, 873 North Adams street, Pottstown.

He is a member of Royersford Post Veterans of Foreign Wars, where he is a guard.

RUSSIAN PILOT DENIES SECRET SPACE FLIGHT

Claims Frenchman 'Made Up' Story

MOSCOW (AP) — The Soviet Tass News Agency published a denial by test pilot Vladimir Ilyushin Sunday night of stories that he had been injured in a secret space flight made prior to the launching of space man Yuri Gagarin.

* * *

The agency said its correspondent interviewed Ilyushin in Hangchow, China, where he is recuperating from leg injuries suffered in an auto accident near Moscow last June 8.

Ilyushin, Tass said, derided the stories of his space flight as "nonsensical and harmful."

He was quoted as saying the whole thing had been made up by Edouard Bobrowski, the French radio and television correspondent who told the story on his return from Moscow earlier this month.

* * *

Bobrowski said Ilyushin was launched three days before the Gagarin flight, had orbited the earth three times and come back suffering severe mental damage.

He named the pilot as the son of the famous Soviet aircraft designer.

The Tass correspondent said Ilyushin had not flown in the 11 months since the accident and quoted him as saying:

"There can be no question of my preparing for a space flight with such a serious injury to my leg."

Senator Ellender Claims NATO Allies Are Remiss In Defense

WASHINGTON (AP) — Sen. Allen J. Ellender, D-La., said Sunday that if America's NATO allies refuse to assume a greater share of the defense of western Europe the United States should deal with the Soviets alone.

Ellender said the North Atlantic Treaty Organization "is in a bad way now" and that President Kennedy will have more difficulty rebuilding it than he expects.

The generals' revolt in Algeria against France, even though it was defeated, Ellender said, "will simply add more fuel to existing fire there."

In a taped interview Ellender complained the United States is forced to go it alone to put out brushfire conflicts.

"We don't consult with France, we don't consult with the British, we don't consult with Germany, we don't consult with Italy, because it would be useless," Ellender said. "They haven't helped in the past."

* * *

But in this country's dealings with the Soviets, he said, "We've had to bow" to the British, French, West German and Italian leaders.

"It strikes me," Ellender said, "that if these people are not willing to add to their present forces in Europe and take as much part in the defense of western Europe —in the defense of freedom—as we do, it's my belief that since we furnish all and we take the lead, we should proceed to meet with Mr. Khrushchev alone and without assistance of our allies."

* * *

Ellender said he had indirectly made such a suggestion to Kennedy but got from him only a promise to consider it.

He urged more trade with the Soviets, saying, the time is now past for barring the sale of U.S. strategic material to the Soviet Union because of that nation's economic growth.

Court Postpones Elmo Smith Hearing

PHILADELPHIA (AP) — The State Supreme court Saturday agreed to postpone arguments on a new trial for convicted murderer Elmo Smith until its November session here.

The arguments had been scheduled for next month in Harrisburg. Smith's attorneys noted in a petition to the high court that Gov. Lawrence has declared a moratorium on the death penalty in the State until the Legislature acts on a bill to outlaw capital punishment.

Smith's attorneys actually are challenging only the death penalty imposed on him for the sex-slaying of Maryann Mitchell in 1959 in suburban Whitemarsh township.

Smith was tried in Gettysburg under a change of venue.

Sailors Take Part In Nagasaki Fete

NAGASAKI, Japan (AP) —U.S. sailors from the light cruiser Topeka have joined festivities commemorating the 391st anniversary of the opening of Nagasaki to foreign trade.

The Americans took part in a masquerade parade that lasted five hours Saturday and covered five miles through the ancient streets of this atom-bombed port city.

TSHOMBE REFUSES TO REJOIN CONGO PARLEY—Moise Tshombe, president of Katanga Province, talks to a crowd in Coquilhatville, where he has been held prisoner by Congolese soldiers. He was arrested in the capital of Equator Province as he walked out on a conference of Congo leaders. The soldiers reportedly acted on their own to keep the conference from breaking up but Tshombe has refused to return to the talks.

Congo Government Says It Will Disarm Katanga

COQUILHATVILLE, the Congo (AP) — The central government is determined to disarm Katanga President Moise Tshombe's army and get rid of all his white mercenaries, Foreign Minister Justine Bomboko declared Sunday.

For the first time, the central government explained why it arrested the president of rich Katanga when he tried to walk out of a Congo unity conference here last Wednesday.

The harsh demands made on the vigorous, independent Tshombe made it clear that Congo President Joseph Kasavubu now is determined to act to bring Katanga under central control. The conference also authorized Kasavubu to act against the leftist rebels in neighboring Oriental Province.

Bomboko in talking with reporters came close to comparing Tshombe with the Katanga leader's old enemy — ex-Premier Patrice Lumumba, who was killed while in the custody of Katanga's army.

"We fought against Lumumba, who wanted to destroy the Congo," Bomboko said. "We will fight everyone who follows Lumumba's example."

* * *

Tshombe angrily quit the conference of Congolese leaders because Kasavubu agreed to U.N. demands that all foreign civilian and military advisers get out of the Congo. Katanga leans heavily on Belgian civilian and military advisers and has many white mercenaries in its army, considered the best in the Congo.

Bomboko said that Tshombe will be held captive indefinitely by the central Congolese government under house arrest. It was indicated that he soon may be transferred to the capital at Leopoldville.

"We are responsible for his security if anyone should try to assassinate him," Bomboko told reporters.

* * *

He accused the president of Katanga of "acting against the interests of the Congolese people" and of "coming to conference here solely to wreck it."

An enemy of U.N. intervention in the Congo, Tshombe had demanded the Coquilhatville conference reject the U.N. program for stabilizing the Congo. He gave that as his condition for returning to the conference table. Bomboko said Tshombe's terms are unacceptable.

(In his capital at Elisabethville, Tshombe's own cabinet called on him to return to the conference table. It was not known, however, whether the cabinet had been informed of the demands the central government is making on Tshombe.)

Bomboko said the Coquilhatville conference authorized Kasavubu to take "immediate necessary measures to rid Katanga of occupation by mercenaries and harmful foreign elements."

The conference also called for the disarmament of "all private armies" which, Bomboko explained, meant all units not recognizing the authority of Gen. Joseph Mobutu, national army commander in chief.

The conference decisions apply also to rebel leader Antoine Gizenga's provinces of Oriental and Kivu, which Bomboko claimed were in a "state of terror." Gizenga boycotted the meeting.

* * *

The conference called on the army in the rebel provinces not to support Gizenga's leftist regime and to recognize the authority of Mobutu and Kasavubu.

It asked Kasavubu to force the expulsion of all foreign diplomats in Stanleyville, Gizenga's capital, not accredited to the Leopoldville government. This means Communist bloc and some African diplomats.

* * *

By a unanimous vote it approved Kasavubu's recent accord with the United Nations — an agreement Tshombe had demanded that the conference condemn.

The conference directives urge Kasavubu to use the United Nations to help carry out the policy of unifying the Congo.

IRS Men Padlock Celebrity Room

PHILADELPHIA (AP) — Night club owner Lillian Reis, already beset with numerous problems, faces another—Federal agents have padlocked her club, the Celebrity Room, for non payment of Federal taxes.

Miss Reis is awaiting trial in Pottsville for a burglary of the home of coal operator John B. Rich.

She has been indicted in New Jersey for the murder of Vincent Blaney, who was a co-defendant in the Rich case.

She is fighting a State Liquor Control board suspension of her license to operate the club.

And recently she reported theft of $7000 from the club, $5000 of which was set aside for Federal taxes, she said.

Mrs. Reis is scheduled to go on trial in Pottsville at the conclusion of the trial of Ralph Staino Jr., 27, of Philadelphia, and John C. Berkery, 30, of Haddon township, N.J. Their trial for the Rich burglary resumes today and may end this week.

China is Plagued by Drouth, Floods

TOKYO (AP) — Red China faces the threat of new calamities less than a year after the worst natural disasters of the century caused severe shortages of food for its 650 million people.

The official New China news agency said Saturday China has been hit by a spring drought in the northeast and east central areas, a series of hailstorms in the southeast and floods in the south.

The Peiping regime already has been forced to go on the world market for food, placing huge orders with Canada and Australia.

The New China report said a bitter dry spell persists in coastal Shantung Province in northeast China, where the Yellow River empties into the sea, and neighboring Hopei Province.

"These areas have had no rain or only a little rain in the recent period," it said.

"There had been practically no rain over half of Honan Province (east central China) since the beginning of the year," the agency went on, but following recent rainfall "sowing has proceeded at a faster pace."

The agency gave no figures on the acreage affected by drought, flood and hailstorms.

INDUSTRY DAY

Mr. and Mrs. Pottstown:

Did You Know . . .

That for every one of the more than 27,000 industrial jobs in Pottstown requires that someone invest $35,000.00 in tools, materials, buildings, etc., before a single item can be produced.

Did You Know . . .

That there are at least 14,000 communities in the U.S. who would enthusiastically welcome any of the fine industries we have in our community.

Did You Know . . .

That Pottstown's industry likes, and wants, to be good neighbors.

Do You Realize . . .

The most important factor affecting Pottstown's well-being is the number of jobs provided by industry in and around our town.

Let us salute industry and its management for providing industrial job opportunities and encourage them to expand and grow.

Kennedy Reviews Laotian Crisis With Top Officials

Astronaut Identity Remains Secret

CAPE CANAVERAL, Fla. (AP) — Astronaut X — his identity a secret — tapered off in seclusion Sunday, less than 48 hours before making history as the first American to try to penetrate space.

Expectancy and excitement gripped the nearby resort town of Cocoa Beach where some 450 U.S. and foreign newsmen concentrated for the man-in-space launch, expected shortly after dawn on Tuesday.

Just about everybody had his own hunch as to which of the three "finalists" among the U.S. astronauts would step out of hangar "S" on Tuesday, revealed for the first time as the first Yank to ride a rocket-boosted capsule into near space.

Many seemed to be betting on Lt. Col. John H. Glenn Jr., a green-eyed, red-haired Marine from New Concord, Ohio. At 39, he is the oldest of the group.

But there were plenty of backers for Navy Cmdr. Alan B. Shepard Jr., 37, of East Derry, N.H., and Air Force Capt. Virgil L. Grissom, 35, of Mitchell Ind.

Some "guessers" eliminated Grissom after he was seen eating in a Cocoa Beach restaurant Saturday night. The astronauts in the final days before launch are supposed to eat carefully-controlled diet served in the spaceman "ready room" at the Cape.

On the flat, virtually treeless expanse of this missile test center, the Redstone ballistic missile and the 3,000-pound cone-shaped space capsule stood locked in the gantry, a red steel tower which will be rolled away shortly before launch.

Final work was being done on the capsule, hidden behind green fiberglass paneling.

Some 3½ miles away, the chosen astronaut and his alternate — who would make the 115-mile-high journey if the principal became ill — rested in their special aqua-tinted quarters on the second floor of Hangar "S."

There may be another rehearsal Monday of the impending short range space mission.

But to all intents and purposes, they are about as ready as technical ingenuity and foresight and their two years of almost incredibly detailed training could make them.

The scientists and technicians who gave birth to Project Mercury and helped it grow since October 1598 say that every possible safeguard has been provided to assure that the astronaut comes through well and sound.

This 15-minute suborbital flight — which will carry the capsule and space pilot on a steep arc nearly 300 miles out into the Atlantic — does not entail quite as much risk as later orbital flights around the earth.

But there will be risk enough.

Built into the system are automatic devices to throw the capsule clear if the rocket should develop a malfunction. Thee devices could be triggered by the Mercury ground team, which will monitor the astronaut's trip every step of the way with electronic gear.

MIG Shot Down

Intercepted by Israeli fighters, a Communist made MIG-19 jet fighter of the United Arab Republic air forces was shot down near Halutza in southern Israel near the Gaza Strip, according to an Israeli army spokesman. The U.A.R. pilot was seen parachuting to earth.

Largest Warship Is Commissioned At Naval Yard

PHILADELPHIA (AP) — The carrier USS Kitty Hawk, the world's largest warship in operation, was commissioned Saturday as an estimated 15,000 visitors heard her described as a "sword of justice" and evidence of "our Navy's confidence in the future of manned aircraft at sea."

Capt. William F. Bringle, of Covington, Tenn., took command of the 60,000 ton vessel after Admiral Arleigh Burke, chief of naval operations spoke of the Navy's faith in aircraft carriers. He said:

"The role of the attack carrier and her aircraft stretches far into the future. For only manned aircraft can provide the discrimination, the human judgment, the selectivity, essential in any type of conflict and vital in countering the threat of limited aggression. Unlike missiles manned aircraft can be recalled . . . reload and reattack."

Burke also said the $250 million Kitty Hawk" . . . will act as a bulwark of freedom and a sword of justice standing alert and ready to answer any military threat to human liberty."

The ship 1047½ feet long and 232 feet wide at her broadest beam, is the first aircraft carrier to depend solely on guided missiles for surface to air defense. She carries two batteries of dual-mounted terrier missiles on her stern. The terriers replace the eight five inch dual purpose guns normally found on the Forrestall class carriers of which the Kitty Hawk is the fifth and largest by several thousand tons. She has a crew of 3200 and 153 officers.

The Kitty Hawk will spend the next eight weeks at the Philadelphia naval shipyard to complete fitting out and testing catapult equipment. Then she will proceed to Norfolk, pick up training air squadrons, and continue on a shakedown cruise at Guantanamo naval base in Cuba. From there the Kitty Hawk will report to the Pacific fleet to take on her normal complement of about 100 jet fighter planes, bombers and reconnaisance aircraft.

CARPENTERS STRIKE STEP IS AVERTED

Tentative Settlement is Reached by Negotiators

PHILADELPHIA, (AP) — A tentative settlement reached Sunday has averted a strike by 7000 carpenters in Philadelphia and four surrounding counties.

The agreement was reached after six hours of bargaining by representatives of the General Building Contractors association and the United Brotherhood of Carpenters and Joiners. Federal mediators made the announcement.

* * *

The agreement must be approved by the metropolitan district council of the union and then ratified by the membership of 27 locals involved in the bargaining. Until that is done, the terms as set forth for a new contract will not be made public.

A strike had been scheduled for 8 a.m. Monday against 100 general contractors and 35 suppliers. The current contract expires Sunday.

Before the settlement was reached, the carpenters had sought a wage increase of 36½ cents an hour over two years. The companies had offered 21½ cents. The current wage is $3.88 an hour.

Police Fear Two Missing Girls May Be Dead; Youth Is Sought

HOLLAND, Mich. (AP) — Sheriff Bernard Grysen said Sunday night two missing Holland-area girls were believed to have been fatally shot. Their bodies have not yet been recovered. A 16-year-old youth was being sought.

"We have reason to believe there was target shooting in the area where the girls disappeared," Grysen said. He said his investigators had found a blood-stained sweatshirt, but did not elaborate.

* * *

Margaret Chambers, 12, and her playmate, Carol Gee, 11, vanished Saturday near a wooded section of a Lake Michigan resort park in southwest Michigan.

Grysen said he planned to secure a warrant for the arrest of James S. Stephens who lived within two blocks of the missing girls. "There is reason to believe Stephens might be attempting to leave the state," the sheriff said. "I believe the bodies will be discovered within another eight hours. We believe the girls have been shot."

* * *

He refused to comment further on what led authorities to believe the girls had been slain. Nor would he identify the bloodstained sweatshirt or say what led to suspicion of the Stephens youth.

Grysen said he felt the bodies would be found within a mile of the girls' home, "possibly hidden."

* * *

Stephens had been questioned earlier, the sheriff said, but was missing when sought for further questioning.

The sheriff said the search was being called off until dawn.

"The only thing I can think about is that thing down in South Haven," said Gordon Chambers, father of Margaret.

He was referring to the rape-slaying of Geraldine Williams, 15, last Jan. 11. She was walking to a school-bus stop from her South Haven home when she was abducted. Her bludgeoned body was found the next day in an abandoned farmhouse. The killer was never apprehended. South Haven is about 30 miles south of Holland.

* * *

More than 700 persons participated in the land, air and water search for the girls.

They last were seen about 2:45 p.m. Saturday near a wooded area of nearby Macatawa Park. An intensive search of a 45-square mile area and a house-to-house canvas turned up no trace of them.

Americans Advised To Return From Cuba

WASHINGTON (AP) — The United States has advised American citizens to leave Cuba, State Department officials said Sunday.

The Swiss Embassy in Havana, taking care of U.S. interests since this nation broke diplomatic relations with Cuba, has notified Americans that it would be in their interest to return to the United States, a spokesman said.

* * *

Letters to this effect were sent last Wednesday and Thursday to every American registered with the Swiss Embassy.

State Department officials said no particular significance should be attached to this move. In the past they have suggested that U.S. citizens not visit Cuba unless absolutely necessary and that Americans living on the island return home.

Tunisia President Leaves for Visit

AMSTERDAM (AP) — President Habib Bourguiba of Tunisia left by plane Sunday for Canada and the United States. He and his party of 22, which includes his wife and five ministers, plan to spend three days in each country.

Khrushchev Answers Kennedy's Message

LONDON (AP)—Nikita Khrushchev has acknowledged President Kennedy's message of congratulations to the Soviet Union on the first manned space flight, Moscow radio announced Monday.

Khrushchev had told Kennedy: "Like you, I hope the U.S.S.R. and the U.S.A. will work together in conquering space, regarding this as part of the great task of establishing a world without weapons or wars."

Moscow said Khrushchev also had addressed a message to U.S. businessman Cyrus Eaton, saying the Soviet people put their space discoveries "at the service of peace and security for nations."

Bound for Laos Front

Heading for the nearby front, a Royal Laotian Army tank moves up a dusty street in Vang Vieng, Laos.

Bomb Wrecks Lobby Of American Hostel

PARIS (AP) — A suitcase bomb wrecked the lobby of American House Saturday night. Only quick action by two young women saved many in the crowded lobby from injury or death.

As it was, the bomb injured six persons, including the two women. There were no Americans hurt.

Police blamed the bombing on rightist terrorists angered by U.S. support for President Charles de Gaulle's policy of self-determination for Algeria.

They expressed belief the bomb inside the suitcase was of the plastic type of explosive used by rightists in their campaign of terror to back their demands that Algeria remain a part of France.

Eva Khatar, 27, a Lebanese, and Guiseppina Sportono, an Italian told police that shortly before midnight they saw smoke coming from a small suitcase next to the wall at the entrance to the lobby.

There were many young people in the lobby listening to records or playing cards.

"Look out! Look out! It's a bomb!" they shouted.

* * *

The students dashed to the other side of the lobby just as the bomb exploded. Police said the smoke probably was coming from the fuse.

American House is part of University City, an international students' settlement on the southern outskirts of Paris. It has rooms for 400 students, most of them Americans.

Police guards have been reinforced at the U.S. Embassy since the French generals' uprising in Algeria last week added new fuel to the Algerian crisis, but authorities took no extra precautions at American House.

French Arrest Air Defense Chief

PARIS (AP) — Maj. Gen. Jean Nicot, 60, the man entrusted with the aerial defense of France, was arrested and placed in a military prison Sunday.

A brief communique from the defense ministry did not say where Nicot was being held or why he was arrested. But presumably his arrest was par of the giant purge of French military forces following collapse of the Algiers military coup.

Nicot was the fifth general to be imprisoned after collapse of the coup last Wednesday.

Portuguese Troops Repel Armed Rebels

LISBON (AP)—Portuguese military forces Sunday drove off 1,000 armed rebels who attacked the village of Mucuba in northern Angola, the Lusitania news agency said.

The government assisted news agency said the rebels killed two Negroes and four whites among the village defenders before airborne forces arrived. The villagers had radioed for help saying: "We are dying. Have no more ammunition. They seem to grow from the grass."

President Cuts Weekend Rest Short; Confers With Rusk, McNamara

WASHINGTON (AP)—President Kennedy cut short his weekend rest in the Virginia countryside Sunday to review the Laotian crisis with top government officials.

The president flew back from Middleburg, Va., by helicopter. Soon after he landed on the White House lawn he was in conference with Secretary of State Dean Rusk and Secretary of Defense Robert S. McNamara.

* * *

Rusk conferred with the President for about an hour and a quarter and on emerging from the White House, told newsmen they had discussed "Laos and other matters."

Monday the President will meet once more with the National Security Council. It will be the fourth time in 10 days that top strategy body has met. The Monday session may be the critical one in the long-drawn crisis over Laos.

Rebel leaders in Laos proposed a meeting of military leaders on the front, north of the capital of Vientiane. But strong enemy forces struck at Ban Keun, the last large town only 25 miles north of the administrative capital of Vientiane.

DEAN RUSK

The big question still remained whether a cease-fire formula could be worked out between the Laos government and the pro-Communist rebels.

* * *

As the issue remained in doubt, the United States cancelled the airlift of some 6,000 troops to Europe for a planned North Atlantic Treaty Organization exercise, thus keeping them available for possible deployment elsewhere.

Secretary of State Rusk spent much of the day at his office conferring with his Far Eastern advisers. Although there was no official comment on these discussions it was apparent there was deepening conviction that the present situation cannot go on much longer.

Kennedy had gone to his rural retreat, Glen Ora, Saturday, presumably planning to return to Washington Monday morning. But shortly after he had attended noon Mass at Middleburg a change of plans was disclosed.

Senator Urges Higher Salaries For Key Men

WASHINGTON (AP) — Sen. Henry M. Jackson, D-Wash., urged Sunday that Congress make it easier for the government to hire and keep talented citizens in key foreign policy and defense jobs.

"We often make it unnecessarily hard for private citizens to undertake government assignments" because of outmoded, disjointed, overlapping and ambiguous laws, Jackson said.

* * *

Also he said higher salaries are needed for some posts so good men can afford to take key jobs and there should be assurance that those appointed will stay in government long enough to do some good.

"Both the turndown and turnover rate among top level national security officials have long been excessively high," Jackson said. "Few businesses could avoid bankruptcy if the turnover rate of their ranking officers compared with that of the executive branch."

Peace Corps Leader Goes to New Delhi

NEW DELHI, India (AP)—Sargent Shriver, director of the U.S. Peace Corps, arrived in New Delhi from Africa Sunday for talks with Prime Minister Nehru and other Indian officials.

Shelling Is Called Off

TOKYO (AP)—Red China has promised Nationalist China the Quemoy, Matsus and other islands in Formosa Strait will not be shelled Monday May Day, the international labor day.

Marines Increase Defense Watch At Guantanamo

GUANTANAMO BAY, Cuba (AP) — Thousands of U.S. sailors and Marines from a strong amphibious fleet swarmed ashore at this naval base Sunday for play and relaxation, apparently indifferent to the fact that Fidel Castro stages a big May Day celebration of "socialist solidarity" in Cuba Monday.

But the regular Marine detachment here stepped up vigilance along prepared defense positions and along the fence surrounding the base.

* * *

The Navy has called for a normal work schedule Monday, but it is extremely doubtful that many of the base's 3,200 Cuban employes will show up for work.

Castro has called for all Cubans on the island to stage massive rallies as part of the celebration marking his regime's victory over the rebels who invaded Cuba April 17. Cuban workers at the base said they had been subjected to what they called fierce propaganda to attend a May Day rally in Santiago.

Navy officials expect no trouble from Castro but should it come, the base is well prepared. The regular marine detachment plus 1,500 Marines aboard ships of the Atlantic Fleet's Amphibious Squad 8 put the number of combat-trained troops here at about 2,200.

Police Find Boy Threatened by Rare Disease

CHATTANOOGA, Tenn. (AP — A five-state search ended Sunday when police located the little boy who had been exposed to rare disease that could bring death in 24 hours — meningococcemia.

Anthony Prather, 2, of Acworth, Ga., and his mother, Marjorie Prather, were enroute by car to Chicago with Steve Vaughn, 61, when police intercepted them here. All three were rushed to a hospital for treatment.

* * *

The search began after a doctor said the Prather boy had been playing with his baby cousin, James Dawkin, who died of the disease at Cartersville, Ga., Saturday.

Doctors said that while the disease could bring death to a normally healthy person in 24 to 48 hours after exposure, death can be prevented by use of antibiotics.

Officers said Mrs. Prather and Vaughn were to be married in Chattanooga and then reportedly had plans to drive to Detroit.

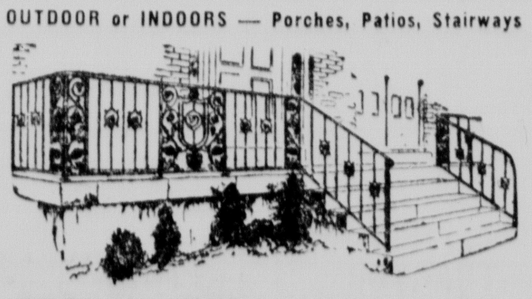

Police in Georgia, Tennessee, Kentucky, Ohio and Michigan had been alerted to intercept their car.

Astronaut to Use Pottstown Product

of the local Minneapolis-Honeywell plant last Summer.

Some six months in the making, it will supply the necessary fuels and gases required to prepare the capsule "attitude control system." The Honeywell trailer clears the control system of air and fills it with peroxide.

Once the capsule is lifted into space and is released on its own from the rocket, the peroxide will burn and form pressure through jets that will correct the capsule and keep it upright in relation to the earth.

The trailer for ground preparation is only one of a number of complex devices conceived and built by the Honeywell company for the historic flight.

The other five company plants worked out the following:

An automatic system that gives the Mercury capsule its "sense of balance" and feeds command signals to operate the jets and maintain the capsule in its desired attitude in orbit. This also positions the capsule properly for re-entry.

A gyroscopic system that gives the astronaut information on the capsule's attitude or correctness of flight path. This permits the astronaut to assume manual control.

A computer containing a revolving globe that continually shows the astronaut his position in relation to earth and indicates where he will land when ejected from orbit. He views the globe through a window on his instrument panel as if he actually were seeing the earth below.

A humidity indicator that keeps a continuous check for the astronaut on the degree of humidity inside the capsule. This is a critical factor in space flight since human ability to withstand high temperatures depends upon relative humidity.

An explosive release system for the capsule escape hatch. This permits the astronaut to pull a cable and almost instantaneously blast away all bolts holding the escape hatch after the capsule hits the water.

Equipment for checking out the performance of the capsule's stabilization and control system prior to blastoff.

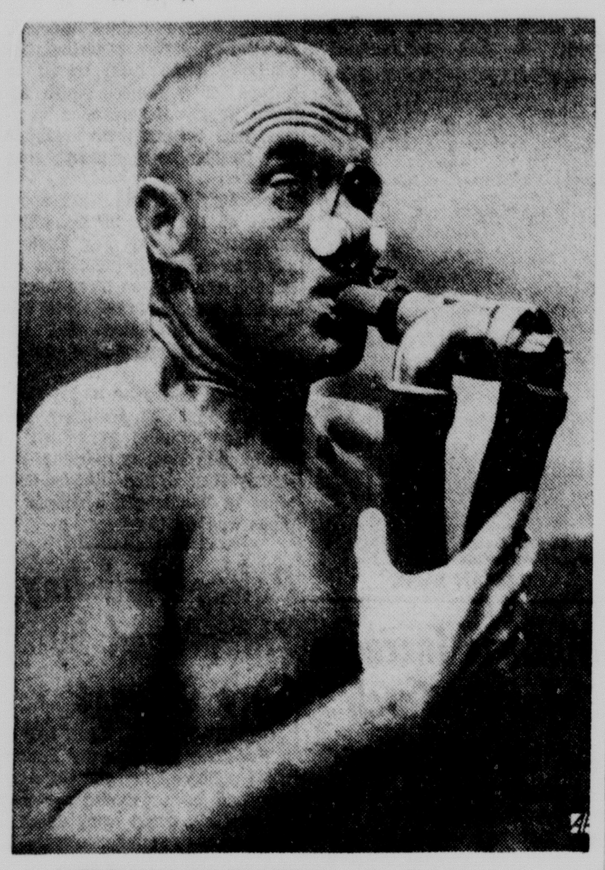

* * *

THE COMPANY also developed extensive equipment used in testing and training astronauts in the past two and a half years of preparation for tomorrow's flight.

Human factor studies relating to the requirements and performances of a man in space also were conducted to establish the need for the various control systems and instruments.

In the early planning stages for Project Mercury, "human engineering" experts for Minneapolis-Honeywell "journeyed into space" through use of computers and other scientific instruments to determine what the astronaut could and should do during his ride through space.

This was a preliminary step to designing and building the instruments and controls he needs to fly the capsule, monitor its performance and return safely to earth.

ASTRONAUT IN TRAINING—John H. Glenn Jr., 39, undergoes respiratory training during preparation program for possible space flight. Glenn is one of three U.S. astronauts selected for the manned suborbital flight from Cape Canaveral, Fla. One of the astronauts will occupy the spacecraft scheduled to be boosted by a modified Redstone vehicle into a 290-mile ballistic arc flight. Maximum altitude planned is 115 miles in this first Project Mercury flight.

Board Has the Man

(Continued From Page One)

Bucks county. He will meet with the committee tonight.

"If he doesn't accept the job, or if borough council decides to continue with a part time health officer, the board will be in trouble," he continued. "Of the 11 candidates we have, this man is the only qualified one."

Though Steele is a full time employe, he serves part of the time as health officer and part of the time as plumbing inspector. The salary for the two positions is $5500 a year.

Steele resigned a month ago following disclosures in The Mercury of official laxity in the enforcement of the food handlers ordinance. The resignation was originally effective April 28, but Steele later agreed to remain in both positions until successors were chosen .

The board will also renew its earlier recommendation to borough council's health and sanitation committee that the new health officer be a full time employe. The committee balked at the first suggestion, asking that the health board "prove that a full time employe is needed."

"This time we hope to be able to give them the facts to prove it," Dr. Wennersten said.

One of the "facts" will certainly be the State Health department recommendation that there be one full time sanitarian or health officer for every 25,000 persons. The borough's population, according to the 1960 census, is 26,066.

THE BOARD will also review plans for the June series of three lectures for food handlers designed to improve sanitation and food handling methods. The educational phase" of the program, to be presented by Pennsylvania State university, will follow free X-rays for food handlers on May 8 and 9.

"Between these two programs," Dr. Wennersten explained, "we hope to get this entire food handlers program back where it belongs."

The X-ray unit, arranged by the State Health department at the request of The Mercury, will be under the direction of Albert J. Strehle Jr., of the Montgomery county Tuberculosis and Health association. It will be parked in the borough hall parking lot on King street during the two day visit.

The X-rays will be free, Strehle explained, and in fact no one will even be allowed to make contributions.

Jaycee League Sets Schedule, Lists Roster

The complete roster and practice dates have been announced for the Major league teams of the Royersford Jaycee Little league.

The Major league rosters are as follows:

Bluebirds, Robert Dinnocenti, Ronald Dunlap, Keith Edleman, Robert Hilborn, William Hunsberger, David Pierce, William Orner, Ronald Reed, Jim Sutton, Eddie Sweisford, Dennis Trego, and Martin Walker. Russel Cauffman is the manager. The Bluebirds will practice at the Washington street Junior High field this evening (Monday).

Eagles, Robert Copenhaver, Joseph Chrusch, Lonnie Dalton, Cary Eisenhauer, Terry Gauger, Gary Ibach, Glenn Jacobs, Jay Miller, William Nyce, Robert Sutton, Jerry Walters, and David Yerk. Walter Miller is the manager. The Eagles will practice at Victory park this evening.

Warriors—Karl Buckwalter, Dennis Dreibelbis, Richard Kline, Robert Hozyash, Ronald Hunsicker, William McTavish, Scott Nichol, Robert Lyle, Alan Sweisford, Barry Wade, Kenneth Yerger, and John Youngblud. Arhtur Nichol is the manager. The Warriors will practice at Victory park tomorrow evening.

Golden Hawks, Robert Astheimer, Richard Bach, Kenneth Benfield, Pat Connors, Alan Dreibelbis, Billy Kelly, Donald Long, Ronald Long, Dennis Sim, Randy Umstead, Bruce Walters, and Thomas Weikel. The Golden Hawks will practice Wednesday evening at Victory park. Frank Machemer is the manager.

Rockets, Edward Beckwith, David Bower, Roger Buckwalter, William Clemens, Barry Cossaboon, Richard Fulmer, Dennis Heffline, John Ianelli, Ken Pelfry, Jim Reitnour, Donald Seeley and David Stauffer. The Rockets will practice at the Washington street Junior High field on Tuesday evening, and at Victory park on Thursday evening. Ronald Cauffman is the manager.

All practices will start at 6 p. m. The Major league will open it's schedule on Memorial day, when the Eagles meet the Bluebirds in the afternoon game of a doubleheader, and the Warriors play the Rockets in the evening game.

Check Is Expensive

COLUMBUS, Ohio (AP) — S. Sgt. James L. Allen of nearby Lockbourne Air Force Base has received a government check that may not even be worth his while cashing.

Allen, a native of Bristow, Okla., says he is a full-blooded member of the Yuchi Indian tribe. Several years ago, he said, the government made a settlement "of some kind" with his tribe. So far, he has received about $6 in "headright" money.

Recently he got another such payment from the government.

U.S. Treasury experts estimated it cost the government about $1, including keeping of records, to give Allen another share.

The check, which could cost a nickel or a dime to cash in a bank or supermarket, was for one cent.

Split Second Decision Saves 2 Men During Fire

(Continued From Page One)

200-acre farm along Route 662—which cut off all current in that area at 4:40 a.m. Saturday—may have caused a high-voltage "feedback" onto the barn current.

Delp's wife, Agnes, noticed smoke coming from the barn at 6 a.m. Delp went outside and opened a barn door to find the structure filled with smoke.

Folk called the Stonersville Fire company and then helped Delp take the cattle from the barn. The five heifers were in an enclosure separate from the other cattle.

The men started into the barn to lead them outside. Seconds after they hesitated, the roof and upper story collapsed into the ground floor.

The Oley, Monarch of Monocacy and Keystone of Boyertown fire companies joined the Stonersville company in fighting the blaze, which could not be contained. Two nearby "outbuildings" were damaged, but a house occupied by the Delps, about 100 feet away, was saved.

Firemen had to carry water to the fire in tank trucks from the nearby F. M. Brown Sons farm, because a small stream provided the only water on the Guldin property.

MISDIRECTED HOSE

ST. LOUIS, (AP)—Firemen directed streams of water on the motor of a parked car, the center of a pall of smoke, but it had no effect. Further investigation disclosed the car had been parked over a steaming manhole.

To Some Folks DST Means Didn't Set Time

There's something about the start of Daylight Saving Time that makes even a simple little task like turning the clock forward an hour beyond the ability of the average adult.

"It's not that I don't know how to turn the clock," one late arrival at church noted sadly. "I just don't remember whether it's 'Spring forward' or 'Spring backward.'"

"So I didn't turn it either way," she explained to the pastor.

A rare case? Not so, according to area ministers who are usually the first to find out that it's still Standard Time in some homes.

The Rev. Maris Griffiths, pastor of Evansburg Methodist church, reported one parishioner showed up just as the closing hymns were being sung.

"That's okay," he told the latecomer. "We're having an anniversary service this afternoon and you can stay around for that."

* * *

A SUNDAY School teacher at First United Presbyterian church wasn't as lucky, according to the Rev. William A. Guenther. "There was no later service for him to attend when he arrived with his family just as everyone else was leaving."

At the Emmanuel Lutheran church, the Rev. Dr. Luther A. Krouse had "a surprising revelation — a first service attendance that was much larger than usual."

"Maybe everyone in the congregation got up early just to make sure they arrived on time," he laughed, "because attendance at the second service was below normal."

The annual rites of confusion began at 2 a. m.—leaving half of America an hour ahead of the other half.

It was the 43d year for the schizophrenic season started by Woodrow Wilson in an attempt to keep farmers in the fields for a longer period during World War I. The season went into effect in Pennsylvania, New Jersey, New York, all of New England, California, Delaware, Illinois, Indiana, Washington, Wisconsin and Washington, DC.

* * *

SECTIONS OF other states will observe it — making it 8 o'clock on one side of the city limits and 9 o'clock on the other in some cases — and Minnesota will join up with the DST half of the nation on May 28.

The newest states — Hawaii and Alaska — will remain on Standard Time, following the lead of such states as Florida, Oregon, Texas, Kansas, Colorado, New Mexico, Arizona, Utah and Oklahoma.

Oh yes, all of Idaho but the single town of Lewiston will also remain on Standard Time.

But while the nation is still split on the credit system of time—borrow now, pay on Oct. 29—Pottstown residents have to get to work on time today.

"After all, their bosses might not be as lenient as the ministers," the Rev. Krouse laughed.

Burglars Change Entrance Tactics

EAST ST. LOUIS, Ill., (AP)—Burglars broke into the same tavern nine times and rifled coin-operated machine each time.

The owners installed a burglar alarm system protecting the doors, windows and roof of the building.

The burglars returned for a tenth time, digging a tunnel and entering through a trap door in the floor.

Space Traveler Faces Tense Flight Timetable

By JOHN BARBOUR
Associated Press Science Writer

CAPE CANAVERAL, Fla. (AP) — The script is already written. On Tuesday, an American space pilot is expected to ride a rocket into space.

Here, barring delays and mishaps, are some of the highlights of his tense timetable to space:

It is 2 a.m., the day of the shot. He gets up, showers, shaves, breakfasts, is checked over by doctors.

* * *

It takes 35 minutes to wire him with special instruments that will report to doctors on earth his physical status in space.

Technicians carefully adjust the instruments at four tattooed marks around the space pilot's heart. Then he dons his space suit.

Time minus 145 minutes — He leaves the astronauts quarters for the 15-minute ride to the waiting rocket.

Time minus 120 minutes — He is given a final briefing.

Time minus 100 minutes — The flight surgeon now reports, "The astronaut is on gantry."

* * *

From here he boards the space capsule atop the rocket, is strapped into his seat at the shoulders, hips and knees.

Time minus 75 minutes — His helmet visor is closed. His suit is tested once more for leaks. The space capsule is sealed.

Time minus 55 minutes — the gantry, about 100 feet tall, is rolled back. Now the 83-foot rocket stands alone, a tense human being in its nose.

Time minus 4 minutes — All controls are now in "go" position.

* * *

Time minus 2 minutes — All communications with the space pilot are now by radio.

Time minus 1 minute — the test conductor now has control of the rocket, the man, the entire shot.

Time minus 35 seconds — The commands come quickly now. The space pilot's voice mixes with the busy voices from the blockhouse.

"Periscope okay."

Vent valves are checked, fuel brought up to proper pressure.

Then: "Ignition. . . Main stage. . . . Lift off."

The rocket engines roar into life, spewing flame. Slowly the rocket rises. Then faster. Inside the space pilot strains against pressure six times as strong as gravity that presses him back in his seat.

* * *

Every 30 seconds the space pilot now reports the readings on guages before him, the stresses he is facing.

Time plus 2 minutes, 15 seconds —The space pilot reports, "Standing by for cutoff."

In seconds the Redstone's engine shuts down. The space pilot makes a few adjustments. Then the Redstone and the capsule separate. The rocket, its job done, falls behind.

Three small rockets at the rear of the capsule push it away from the mother rocket. Now, with the flight just over three minutes old, the space pilot begins to control aspects of his flight, maneuvering the capsule in space.

He begins to feel now the beginning of some 5 minutes of weightlessness.

Time plus 4 minutes—the astronaut is now looking at the earth through his periscope, trying to get his bearings visually and trying to control the attitude of the capsule.

* * *

He might say: "Weather map essentially correct . . . Florida to gulf visible . . . Island 5 visible. . . ."

Time plus 6½ minutes — the space capsule begins to take its re-entry attitude, preparing to come back to earth, pitching its blunt end toward the earth.

Time plus 7 minutes — Now the feeling of weightlessness begins to leave as the space capsule begins its descent to earth.

* * *

Now the force of gravity begins to increase, and the pilot is again straining as the space capsule drives into the blanket of air around the earth and slows.

Time plus 9½ minutes—A small braking parachute is released. A snorkel is opened at 20,000 feet and the earth's air again enters the space capsule.

Time plus 10 minutes — The main parachute opens, and the capsule jerks, then slowly drifts to a landing in the ocean.

The entire trip might take 15 minutes. It carries the space pilot on a trip 115 miles high and 290 miles long.

POLICE CHARGE MAN WITH BOOKMAKING

Seize Horse Bets During Raid On Pool Room

Thorndale State troopers and Phoenixville Police Chief Fred K. McInnis raided a Phoenixville pool room at 12:20 p.m. Saturday and seized a quantity of horse bets.

The raid followed a series of complaints by Phoenixville residents and a week-long investigation by Thorndale Troopers Robert Ziegler and John Coll.

Charged with bookmaking and released in $5000 bail was Charles J. Ronto, 34, owner of the pool room.

Released in $25 bail on charges of disorderly conduct were two men who were in the pool room at the time of the raid, Ronald Carmichael, 25, of 515 Anderson avenue, Phoenixville, and Daniel Sabrizio, 45, of Phoenixville RD 1.

The men were given hearings before Squire George Ellwanger.

Religious Send-off Urged for Astronaut

PHILADELPHIA, (AP) — A Pennsylvania cabinet official said Sunday that Columbus starting his voyage to America had an advantage over America's first astronaut who will be rocketed into space — prayer and religious representation at his departure.

Andrew M. Bradley, State secretary of property and supplies, said the final schedules for the astronaut who is to be rocketed from Cape Canaveral this week, make no provision for prayer or clergy.

He suggested that clergymen representing the faith of the first astronaut be on hand to lead prayers and tribute to God.

Bradley, son of a minister, spoke at a New Frontiers day church service. He said Columbus "knew the value of prayer over sail power."

Fire Company Gets Auto Crash Rescue Kits

PENNSBURG — Mr. Paul Undercoffler, 477 Penn St., Corr., Phone OR 9-7244. Miller's News Agency, del. Phone OR 9-7467.

Chief Willis Eschbach of the Pennsburg fire company, has announced that the personnel of the engine room have several pieces of equipment for rescue work.

The equipment is classified as Porto-Power rescue kits and is used mainly in automobile accident cases where it becomes necessary to pry apart damaged vehicles to rescue victims. Several serious accidents in the locality prompted Chief Eschbach to acquire this equipment.

One unit is classified as a four-ton kit, and the other is a 20-ton capacity. The latter was donated to the company by several local businessmen. The company also acquired a 20-pound dry powder extinguisher. Chief Eschbach stated that this equipment is available for any emergency in the area.

Two local artists were awarded prizes for their entries in the fifth annual exhibition of the Perkiomen Valley Art center at Schwenksville recently. Mrs. Evelyn Schule, of Pennsburg RD, received the member's gold medal in the professional class for her painting entiled "Wild Flowers and Tin." Wayne H. Rothenberger, Main street, was awarded a pair of silver candlesticks as the first prize for the best landscape in the amateur class. Rothenberger's painting depicted the ruins of an old mill at Powder Valley which was in operation many years ago.

David Pepper, son of Mr. and Mrs. Stanley Pepper, Pennsburg RD 1, has been pledged by Sigma Pi fraternity at Lycoming college, Williamsport. David is a Freshman in the cooperative engineering curriculum, majoring in mathematics.

Tractor Trailer, Auto Collide

A tractor trailer truck collided with a car on the Route 100 bypass near Route 183. There were no injuries.

Police Chief Charles Wilt, North Coventry township, investigated the Friday accident, and gave this account: The truck, traveling north, was operated by Peter Miccicko, Reading. Miccicko was in the right lane. The truck started to move into the left lane, and collided with a car driven by Ray C. Sweetwood, 1219 Logan street, also traveling north.

The right side of the car was completely damaged, and the car had to be towed from the scene. The front bumper of the truck was torn off.

Crash Proves Signals Help But Aren't Cureall

Traffic light or no traffic light, the West King street-Route 100 bypass intersection still is claiming its fair share of accidents.

Two persons were injured Sunday afternoon in a two-car collision at the crossroads where 17 persons were injured in 15 crashes during 1959 and 1960—before traffic signals were installed.

Pearl Urban, 17, of 847 Farmington avenue, driver of one of the autos in the 3:15 p.m. crash, is in Pottstown hospital under observation. She was treated for abrasions of the left leg and right arm.

Helen Gentner Yohn, 28, of Porter's Mill road, driver of the other car, was treated for bruises and released at Pottstown hospital. Her 18-month-old son, Leslie, was uninjured, as was Cheryl Jackson, 16, of Pottstown RD 3, a passenger in the Urban car.

Pottstown police recall two other minor collisions at the intersection since the $2800 control system was installed last September.

Mrs. Yohn told police she was driving north on Route 100, across West King street, with a green light in her favor, when the Urban girl, southbound on the bypass, attempted to turn her car left in front of the Yohn vehicle.

Miss Urban said she was attempting the left hand turn when she saw the Yohn car and applied the brakes too late. The left front of each car was damaged.

Girl Gashes Hand In Fall on Street

A 9 year old South Pottstown girl gashed her hand when she slipped and fell while running in an alley Saturday afternoon.

Treated at Pottstown hospital and released after four stitches were taken in the thumb of her right hand was Barbara Kalis, 71 West Main street. She is the daughter of Mr. and Mrs. Robert Kalis.

Modern Manners

By CAROLYN HAGNER SHAW

Author of "Modern Manners — Etiquet for All Occasions"

READERS AIR PET PEEVES

Almost every letter I receive includes the writer's "pet peeve." Every now and then I gather a few of these together and present them to my readers, asking MY question: "Is this you?" Here are a few collected recently.

Do you "drop in" on your friends at add hours? Unless you are paying a formal afternoon call, it is extremely unfair not to telephone the person you intend to visit, asking if it is convenient for you to call. This gives them a chance to excuse themselves, or to say "Delighted, come ahead!" I feel so strongly about this "dropping-in" business, that I never even visit my next-door neighbor (of whom I am very fond) without calling first to make sure it is all right with her. I think this procedure should be followed regardless of how well you know people.

Even worse than the casual "stop by for a minute" visitor, is the one who arrives late in the afternoon, shortly before supper time. You are in the throes of feeding and bedding down your tired youngsters, and cooking dinner at the same time. This is all obvious to the unwelcome visitor.

It bothers her (or him) not one whit. Comfortably settling herself on the living room sofa, she prepares to have a nice chat. Finally, in sheer desperation, you invite her to stay for dinner, even though two pork chops won't stretch three ways! This procedure is inexcusable, and is the frequent failing of thoughtless folks who ought to know better!

On the other side of the ledger is the persistent hostess who calls to invite you to dinner on Friday evening. You refuse because of a previous engagement. She persists, "Well, what night can you make it?"

This leaves you in the position where you have to accept for some date! Perhaps you don't particularly care for the person who, in all good faith, is offering you her hospitality. However, her approach makes it impossible for you to refuse. She should take the hint, after two polite refusals, and let it go at that!

Another pet peeve is contained in complaints about the people who, when you are dining in a restaurant, blithely invite themselves to join you.

Whether you like it or not, you're stuck. Friends who cultivate this habit should realize that it is much more thoughtful to smile a greeting when they see you at a restaurant. If no invitation is forthcoming from you, they should keep going and seat themselves at another table.

If you, yourself, are guilty of any of the above-mentioned habits — and they can definitely hurt your popularity rating with your friends — be honest with yourself and mend your ways!

QUESTION: My husband died several years ago. I am middle-aged, but, nevertheless, am going to be married again next month. I want to let my close friends and relatives know of this step. Should I write a personal note, or should I have announcements printed? If the latter, should my father make the announcement?

Mrs. J.G.M.

ANSWER: If the group that you wish to tell about this happy event is a small one, a personal, handwritten note would be the nicest way to tell them. However, if the group is a large one, an engraved (not printed) announcement would be proper, and your father should issue it.

Synagog Banquet Marks Bar Mitzvah of Israel

A banquet highlighted the 13th anniversary Bar Mitzvah of Israel Sunday night in the vestry rooms of the Congregation Mercy and Truth synagog.

The main speaker was Dr. Sidney Marks, national executive director and national secretary of the ZOA.

Dr. Marks is widely known as a Zionist leader and is a specialist in mass communications and public relations. He had university training in law, political science, business administration and economics.

A former professor of law at the New York Law school, he is a member of the New York bar and is fully accredited as a public relations counsel by the Public Relations society of America and the American Public Relations association.

* * *

DR. MARKS pointed out that the state of Israel started with nothing, with a severe lack of food and water, a stress of war, but they did have one thing—courage.

He also likened Israel today after 13 years to a house that is boarded up. It is prohibited the use of the Suez canal and its boundaries are restricted.

In conclusion he said, "The future of Israel will be what the Jews of Pottstown and we Jews of America make it."

More than 150 persons attended the banquet.

The banquet was also highlighted by the showing of a colored film on Ralph Levitz's trip to Israel.

* * *

JACOB RADEN, president of the Pottstown chapter of ZOA, was presented a scroll for his outstanding devotion to the cause of Israel.

Louis Sager, local attorney, was the master of ceremonies and remarks were made by Alvin Weiss, president of the congregation.

Sager was also chairman of the banquet committee. Other members of the committee were: Mr. and Mrs. Irving Horwich, Mr. and Mrs. Jack Hoffman, Mr. and Mrs. George Berman, Dr. and Mrs. David Alexander, Mr. and Mrs. Maurice Miller, Mr. and Mrs. Jacob Raden, Mr. and Mrs. Louis Sager, Mr. and Mrs. Harry Pollock.

Cubs Display Indian Articles

"Indian Country" was the theme of the April meeting of Douglassville Cub pack 125 on Friday at St. Gabriel's Episcopal church.

The cubs were dressed in Indian costumes which they made.

Each den participated in a skit about Indians. Minature Indian villages, totem poles, headdresses and various other articles were exhibited.

At the meeting the following awards were presented:

Service star — Donald Weber, Albert Yocom, Robert Neyer and Michael Philion; Wolf badge — Jack Rudick; bear badge — Tommy Markle and Kenneth Hoffman; lion badge — Robert Yocom and Neil Doberstein; gold arrow — Rudick, Robert Neyer, John McCudden and William Walsh; silver arrow — Weber and Jack Rudick.

Funeral Home Fire Injures 5 People

Norristown (AP) — Five people were injured, none of them seriously, in a fire Sunday at a funeral home.

Five fire companies took a half hour to control the blaze at a three-story rambling building housing the Santoro funeral home and some apartments above it.

The cause of the fire was not known and the extent of damages was not disclosed.

Bus Carrying Local Band Is Struck by Car

The Pottstown High school band's three-day concert tour was interrupted abruptly Saturday morning near Williamsburg (Blair county) when one of three buses in which the 96 boys and girls were traveling was struck by an auto and forced off the road.

None of the 35 pupils in the bus was injured, but the resulting delay forced the cancellation of a tour of the Gettysburg battlefield planned for the afternoon.

The band was headed for Gettysburg after staying overnight in Williamsburg with members of that town's High School band. The Pottstown group played two concerts in Williamsburg Friday.

The contingent left town Thursday morning and made a video-tape for rebroadcast over a Lancaster television station June 3.

* * *

THE BAND continued to Greencastle (Franklin county) where they played a concert to 700 persons Thursday evening.

The band was guest of the Greencastle-Antrim High school and band director Donald Kuszyk, a former Pottstown High pupil.

After spending Thursday night in Greencastle, the group, under High school band director William Schinstine and six chaperones, continued to Williamsburg where it played to an audience of 400 pupils in the afternoon and 400 adults at night. Ronald Rohland, another former Pottstown High school bandsman, was band director and host at Williamsburg.

DATE IS SET FOR POSTING POLICE LIST

16 Candidates Appear For Commission Interview

The new eligibility list for the Pottstown police force will be posted during the first week of June — a month before the appointment of two new patrolmen and the promotion of a patrolman to sergeant.

The announcement was made Sunday by Herbert S. Meyers, chairman of the police civil service commission. The deadline for new applications and promotion was Saturday.

Myers said that of the 32 persons who applied for the patrolmen's posts, only 16 "bothered to show up for the first interview Saturday morning." One of the 16 was immediately disqualified for not meeting the height requirement.

The 15 new applicants and the nine patrolmen who applied for the promotion to sergeant will take a two hour examination Saturday morning at 9 a. m. in borough hall. There were 22 eligible to apply for sergeant.

* * *

MYERS SAID the examination for new patrolmen will include a 100-question multiple choice test, and an essay on why the applicant desires to be a policeman and a memory test.

In addition to the score of the three tests, points were also given for Saturday's interview, physical appearance, physical fitness and a second interview to be given during the third or fourth week of May.

The civil service commission will mark the examination papers May 8, then notify those who passed to report for a medical examination. The commission has not yet selected a physician to administer the examinations.

Those who pass the physical examination will then be fingerprinted and the fingerprints forwarded to the Federal Bureau of Investigation for further investigation.

"That is to make sure that none of the applicants have previous police records," Myers said.

* * *

THOSE WHO have survived through this point will then be called back toward the end of the month for a second personal interview by the commission. The results will be posted during the first week of June.

The appointments, necessitated by the recently approved 42-hour work week for police, will be made in time for the patrolmen to be appointed by July 1, Myers said.

Police Chief to Give Program at Meeting

Boyertown Police Chief Henry Groff will present a tape recording on "Public Relations", at the regular monthly meeting of the Boyertown Businessmen's association.

The group will meet tomorrow evening at 6:30 o'clock at Cliff's restaurant, 45 South Reading avenue, at which time reports of committees will be received and other routine matters will be discussed.

Borough Clean Up Week Gets Underway Today

Today marks the first day of Clean Up week in Boyertown and all citizens have been urged to co-operate by Harry I. Gilbert, heath officer.

The borough's board of health designed this week as the week in which to clean up back yards, alleys and all other places where excess refuse has accumulated. The clean up campaign ends on Saturday.

Gilbert stated that members of the health board, along with himself, will make an inspection of the borough during the latter part of the week and he pointed out that if any places are found where improvements can be made the property owner will be notified.

Gilbert pointed out that the borough, generally speaking, is quite clean and this is due largely to the "pride attitude" that majority of borough residents take in keeping their properties respectable looking.

Advice to the Lovelorn

By BEATRICE FAIRFAX

Famous Authority on Problems of Love & Marriage

Pretend You're Courting Your Wife Again

Dear Beatrice Fairfax:

I'm near 32 and my wife is 26. I've been a truck driver for 16 years.

My wife and I were married about four years ago, and up until the end of last year, I believe I was as honest as most men with their wives with the exception of a few flirts such as all men have.

Well, last November I left our home in the South to work in the North and was gone four months. One day I called my wife and asked her to come and join me and she said she would give it a thought or two.

But, meanwhile, there at my home came two letters from two different women, both in their 40s, one wishing me luck in my family affairs and the other discussing an apartment I had looked at in Florida. This woman had misunderstood the short conversation we had and thought the apartment was for me alone. Also, in her letter she used the word "Doll", which I had noticed was a by-word with her.

Well, trying to convince my wife this woman was only being friendly was like trying to sell an Eskimo a refrigerator. After those letters came, she gave me a big fat No about coming North and was asking for a divorce.

In return, I told her to help herself, and there's where I went wild. I'm not a guy who just can't get a girl and, believe me, after that I went after them. I was sure my wife was having her part of the fun, too.

Then one day I got wondering how she and our two wonderful kids were doing and feeling terribly guilty. I called her and she was crying and told me to please, please, come home; that she was very, very lonely and that what she had said to me was only through anger because of those two letters.

Well, exactly one week later I went home and after I got there I found out that my wife had been as true to me as the days are long. She asked me what I had been doing and because I love her so much that I've never tried to keep anything from her I guess I told her everything I had done since I had been away.

The next morning she said "Let's sell everything and move to the North and you come off the road and we'll start all over again." So I went along with her on everything.

Now, about a month later, my wife goes around cursing like a sailor, yells at me across the house and all I can hear is, "I'll pay you back!" She's nice to the kids and does her housework, but to me — wow! If there isn't a change pretty soon, I'm ready to go off on another trip.

Please don't say I did it and must live with it. I can't, and won't.

ROAD DRIVER

Dear Road Driver:

Why write to me at all if you're going to tell me that if my advice isn't to your liking you don't intend to take it?

I'm not going to say that, as you put it, you did it so you must live with it, but I am going to suggest that if you really put your mind on it, and your heart in it, you probably won't have to "live with it."

In other words, I don't think it at all impossible that if you try to handle things more understandingly now, your wife's bitterness will gradually wear off and your former happy relationship return.

You did the right thing in being honest with her, but surely you can understand that what you told her completely upset her and that it will take time for her to adjust herself and put it behind her.

What you should do now is to let her know that you do understand why see feels as she does and that you mean to devote yourself from now on to showing her how much you regret what you did and that from now on you will always be a loyal and devoted husband.

Then, show her by doing loving, little things for her, by watching out for her comfort and pleasure and having enough self-control to ignore any bitter things she says. Pretend you're courting her all over again.

If you'll give this plan a good try, I feel pretty sure it will eventually put things straight. Have you the desire to try and the character to keep on trying? Let me know.

Tomb of Ancient Prince Is Found

NEW HAVEN, Conn. (AP) — A Yale University archeologist told Sunday of discovering the tomb of a prince of ancient Egypt who had spent his childhood with fabled King Tutankhamen.

William Kelly Simpson said the discovery of the tomb, crumbling on the banks of the Nile at Toshka and directly in the path of the Aswan Dam in southern Egypt, was made during a recent three-month expedition.

The tomb, he said, has been identified positively as that of Heka-Nefer, a high-ranking Nubian prince who lived 3,000 years ago. Simpson, assistant professor of Egyptology at Yale, said the mummy and gold and silver treasures had been robbed long ago from the ancient tomb.

* * *

But other archeological finds in the tomb's burial shaft were discovered, apparently discarded as worthless by the ancient plunderers.

The expedition was a joint operation of Yale and the University of Pennsylvania as part of an international project through which it is hoped to save ancient ruins from being flooded when the Aswan Dam is completed. The Egyptian government had appealed to several nations to help salvage antiquities doomed by the dam's backwaters.

Two Quadruplets Will Go Home

PHILADELPHIA (AP)—Two of the Cutaiar quadruplets will go home Monday, their pediatrician has announced.

Dr. Ernest L. Noone said all four girls weigh over five pounds and the two heaviest, Annette and Bernadette, will leave first. Celeste and Denise most likely will follow on Wednesday, thus giving their mother time to get used to her new household gradually.

Mrs. Arlene Cutaiar, 24, of suburban Malvern, gave birth to the quads on March 15 at Delaware County Memorial hospital. She had a year old son and a 3 year old daughter.

College Youths Throw Rocks During Riots

GALVESTON, Tex. (AP) — Hundreds of peace officers breathed sighs of relief Sunday as an uneasy calm settled over this resort city after two nights of rioting by college-age youths.

Texas Rangers and officers from neighboring Houston rushed here after the situation got out of hand Friday night.

Police said the trouble started in fights along the beach front as 3,000 college students from Texas, Oklahoma and Louisiana swarmed here for Splash Day, the opening of the Galveston beach season.

More than 600 youths were arrested as officers waded into rock chunking youths. Several shots were fired but no one was hurt from gunfire. Scores were treated for cuts and bruises.

One death resulted indirectly from the riots. George L. Windsheimer, 63, of the Harris County sheriff's office died Saturday night in a two-car crash. He was a reserve officer sent here from Houston to patrol streets.

* * *

The major trouble occurred Friday night. More than 500 youths were arrested and fined. Saturday night 150 youths were arrested for gathering in streets and for unlawful assembly.

City officials and several students likened the trouble to an outbreak earlier this month at Fort Lauderdale, Fla.

"We were just trying to make Fort Lauderdale look like a picnic," one youth was quoted as saying.

"I think they came down here trying for trouble just like in Fort Lauderdale," said Police Commissioner Walter Rourke Jr. "They weren't organized but they were looking for trouble."

Nurse Assembles Portable Hospitals

CAPE CANAVERAL, Fla. (AP) — The petite-blond nurse carefully packed bundles of sterilized instruments into a metal box, part of a "portable hospital" being readied in case of emergency on America's first manned space flight, expected Tuesday.

"This package has been checked and double-checked to make certain nothing is left out," she said. "One missing item could mean the difference between life and death for the astronaut."

* * *

The nurse, Air Force 1st Lt. Shirley Sineath, 23, had the important task of preparing nine kits, each of which is made up of several cartons strapped together in a 1,933-pound packet.

Seven of the packs were placed aboard recovery ships which will be stationed under the astronaut's intended flight path. One is at a forward medical facility at Cape Canaveral, and the ninth was flown to Grand Bahama Island, where the space pilot is scheduled to be taken after the 115-mile high suborbital flight.

* * *

Shirley, a native of Sanford, N.C., is one of 55 medical personnel who will be on duty when the Redstone rocket blasts off with its human passenger.

At launch time, she will be stationed at the Cape's forward medical facility. This is the emergency area where the astronaut will be taken in case a rocket malfunction early in flight sends the capsule parachuting into the Atlantic Ocean off the Cape.

* * *

"The portable hospital contains everything from bandages to anesthesia machines and resuscitators," Shirley explained. "They carry everything necessary for an emergency operation on a ship or one of the land medical areas.

Col. George Knauf, staff surgeon at nearby Patrick Air Force Base, directs the overall medical operation for Project Mercury.

For more than a year Knauf has conducted a school for space surgeons who will take part in the upcoming suborbital flight and later manned orbit tests. More than 200 military medical doctors each have received two or more weeks of training in space medicine at the school, located at Patrick.

* * *

A team of medics headed by Air Force Col. William Douglas has worked closely with the astronauts for several months. In the final days before the flight they have run numerous physical and psychological tests on the man chosen for the mission.

Douglas will be the last man to confer with the astronaut before his capsule is sealed. Then he will fly to Grand Bahama to be on hand when the pilot arrives.

705 Pound Man Dies In Hospital

HOUSTON, Tex. (AP) — "Tell the people that if they get any fat on them they better get it off," Jerry O'Brien, a seaman weighing 705 pounds said in his last interview.

O'Brien who entered Jefferson Davis Hospital as an invalid two weeks ago, died Saturday at the age of 40. Doctors said he had eaten his way into the hospital and O'Brien agreed.

Excess weight caused O'Brien severe heart and lung trouble, a hospital spokesman said.

Physicians here said he was the heaviest man they know of in medical history on whom clinical studies for obesity had been made. O'Brien said he hoped mankind would get some good out of the medical knowledge gained from his case.

O'Brien, 5 feet, 10 inches tall, was a merchant seaman during World War II. He weighed 300 pounds at age 30, a hospital source said, and had gained steadily since. His basal metabolism rate was normal.

Adopted Daughter Sued for Divorce

LONDON (AP) — An elderly British executive is seeking a divorce from his adopted daughter, 32, whom he married two years ago because he needed "a woman's support."

Robert Braid, 71, chairman of an auto sales group of 16 companies, alleges adultery in an undefended suit.

Braid was a widower when he married Shelagh Harris, a blond divorcee, in 1959. Only nine months earlier he had adopted her as a daughter.

St. Aloysius Roman Catholic Church Scene of Funk and Baylor Service

St. Aloysius Roman Catholic church was the scene Saturday of a double ring ceremony performed for Marcia Frances Baylor and Joseph Benjamin Funk.

The former Miss Baylor is a daughter of Dr. Charles A. Baylor, 651 Blue Spruce court, and the late Anna Hoffman Baylor.

Mr. Funk is a son of Mrs. Earle J. Funk, Drexel Hill, and the late Earle J. Funk.

The Rev. John Heim, assistant rector, officiated at the service. Briday music was presented by organist, Mrs. Eleanor Kurtz. Soloist was William Bradfield.

Guests attended from Philadelphia, New York and Pottstown.

Dr. Baylor escorted his daughter to the altar. She wore a gown of ivory silk mist fashioned with a fitted bodice, scoop neckline and long sleeves. The bell-shaped skirt had in front, above the hemline, a soft draped effect. Folds were held in place of a rose of self material.

The chapel length train fell in deep folds from the waistline and was accented with a rose of self material. She carried a prayerbook with a white orchid surrounded by open roses and small white roses.

Her veil of French illusion fell from a pillbox of ivory silk mist embroidered with pearls.

Mrs. Frederick C. Hintz, Philadelphia, sister of the bride, was matron of honor. She wore a cocktail length gown of pervenche blue taffeta fashioned with a V neckline, cap sleeves, draped bodice and bell skirt. She also wore a matching headpiece.

Bridesmaids, Barbara Louise Aston, Philadelphia, and Catherine P. Raso, New York, were gowned identical to the honor attendant.

Monica Donahue wore a diminutive copy of the attendants' gown for her role as flower girl. Ring bearer was Mark Stewart Baylor.

Robert Pauls, Philadelphia, was best man. Ushers were John E. McCormick and Ralph T. Castellane.

Mrs. Funk, mother of the bridegroom, wore a rose lace dress.

A reception took place at Brookside Country club. The newlyweds then left for a week-long honeymoon in Bermuda. As her going-away ensemble, the bride chose a walking suit in hothouse pink, bone shoes and handbag, beige gloves and a flowered hat.

Upon their return, the couple will reside at Broomall. A graduate of Immaculata college and University of Pennsylvania, the bride is a physical therapist. Her husband, who is employed as a sales representative, is a graduate of Villanova university.

Pre-nuptial parties were given by Mrs. M. B. Edwards, Pottstown and Mrs. John J. Bradfield, Havertown.

Stella Mae Yoder Becomes Bride of Woodrow Lightcap

The Rev. Paul F. Spieker officiated at the marriage of Stella Mae Yoder and Woodrow Lightcap in Frieden's Lutheran church.

Mr. and Mrs. Maurice S. Yoder, parents of the bride, reside at Oley RD 1. Mrs. Lightcap is a son of Mr. and Mrs. Brooke Lightcap, Boyertown RD 1.

Given in marriage by her father, the bride wore a gown of chantilly lace. The fitted bodice was designed with a sabrina neckline and sleeves tapering to a point at the wrists. Her veil of silk illusion fell from a lace cap.

She carried a white Bible with an orchid.

Mrs. Neil Gilbert was matron of honor for her sister. She wore a red satin dress with matching hat accented with red and white rosebuds. She carried a bouquet of red and white roses.

Gladys Hock served a bridesmaid in a gown identical to that of the matron of honor.

Dorothy Hanning was flowergirl.

Best man was Neil Gilbert Boyertown RD 1. Ushers were Richard Yoder, Oley, and Daniel Hubert, Boyertown.

A reception took place at Fleetwood Grange hall.

Both the bride and bridegroom attended Oley Valley High school. Mr. Lightcap is employed by Union foundry, Boyertown.

MR. AND MRS. JOSEPH S. PETERKA

Joseph S. Peterka, Ruth W. Yarnall Married in West Chester RC Church

Ruth W. Yarnall, daughter of Mr. and Mrs. Thomas Yarnall, West Chester, became the bride of Joseph S. Peterka, son of Paul Peterka, Pottstown RD 3, and the late Mary Peterka, in St. Agnes Roman Catholic church West Chester.

The Rev. William Faunce officiated at the double ring ceremony performed Saturday at 10 a. m. Mixed bouquets of flowers decorated the altar of the church. Approximately 75 guests attended from: West Chester, Paoli, Blandburg, Pottstown and the surrounding area.

Given in marriage by her father the bride appeared in a white lace floor length gown. The dress was styled with long sleeves, a scalloped neckline and full skirt. A crown secured her shoulder length veil of silk illusion. She carried a prayerbook topped with a white orchid.

Patricia Peterka, Pottstown RD 3, niece of the bridegroom, attended as maid of honor. She chose a pink satin floor length gown. Her dress was styled with a rounded neckline, short sleeves and a full skirt. She wore a matching headband with a face veil and carried an old fashioned bouquet of mixed flowers.

Bridesmaids were Rose Oberman and Rita Talerico, both of West Chester. Miss Oberman wore a gown of blue net and Miss Talerico chose shrimp taffeta. Both wore matching headbands with face veils and carried old fashioned bouquets of mixed flowers.

Martin Peterka performed the duties of best man for his brother. Seating the guests were Silvester Peterka, another brother of the bridegroom and Edward Yarnall, brother of the bride.

Mother of the bride, Mrs. Yarnall, received guests in a navy blue dress with white lace trim and matching accessories. Her corsage was pink carnations.

A reception followed at the Limerick firehall. The couple is residing at Pottstown RD 3. The new Mrs. Peterka attended West Chester High school. Her husband attended Limerick schools and is a self-employed farmer.

East Coventry School Second Grade Presents Plays At Assembly Program

Two plays were presented by Second graders taught by Mrs. Ruth Grebe for the annual assembly program at East Coventry Elementary school. Pupils, parents and younger brothers and sisters of the Second graders attended.

A health play on the importance of eating proper kinds of food was entitled "Including Rabbit Food." Large pictures showing various kinds of food decorated the stage. A chart with seven basic foods also was used in the play.

"Our Community Helpers" was the second play. Included in the dramatization were four songs by the entire group, "The Policeman," "The Fireman," "The Mailman," and "The Grocer." Children playing the roles of these occupations and others were dressed in costume.

Therese McShane, music director at the school, provided piano accompaniment for the program.

Opening Bible reading was by Frances Stierly. Robin Parson led the pledge to the flag following The Lord's Prayer."

A song by the entire school "Doe; A Deer" was sung between the two plays.

Narrator for the first play was Janet Christman. Characters included, Dennis Dry and Martin Dell, two school children; Robin High, the good health fairy; Dennis Levengood, Mr. Strong; Frances Stierly, Lottie Lettuce; Kenneth Albright, Bobby Carrot; Nancy Domin, Gracie Grapefruit; Linda Schafer Conchita Banana; William Freas, Charlie Potato; Earl Peck, Humpty Dumpty; Janet Christman and Christine Hunsberger, golden grain; and Marsha Buckwalter, Pattie Butter.

Christine Hunsberger was narrator for the second playlet. Characters were Paul Montgomery, the son; Nancy Elliott, the mother; Earl Peck, the father; Mark Williams and Randall Ritschard, bakers; David Willauer, the doctor; Branda Wertman, head nurse; Robin Parson, Cindy Reppert, Susan Dreger, Martha Long, Linda Carey, Nancy Gibson and Wanda Seidel, assistant nurses.

William Freas, postman; Dennis Dry, minister; Dennis Levengood, milkman; Kenneth Albright, grocer; William Good, policeman; Molly Shick, and Carol Roussey, teachers; Mark Williams, David Willauer and Randall Ritschard, firemen.

Following the program, pupils of grades one to six rehearsed several songs for the annual May Day program scheduled for Friday, May 5. Directing the singing were Patty Keen and Jean Snyder, Sixth graders, with Miss McShane at the piano.

Carol Mayberry, a Fifth grader, played a medley on the piano while the group left the assembly room.

MR. AND MRS. JAMES H. UNDERCOFFLER

James Undercoffler, Joan Wiseman Exchange Vows in Emmanuel Church

The marriage of Joan Wiseman and James H. Undercoffler was solemnized in Emmanuel Lutheran church in the presence of the immediate families.

The Rev. Dr. Luther A. Krouse pastor, officiated at the double ring ceremony.

Parents of the bride, Mr. and Mrs. Lonnie Wiseman, reside at Limerick. Mr. Undercoffler is a son of Mr. and Mrs. James L. Undercoffler, 132 East Fourth street.

For her wedding, the bride wore a gown of white batiste styled with a rounded neckline and short sleeves. An overskirt of embroidered batiste gave a redingote effect to the full street length skirt.

A ballerina veil of silk illusion was worn with her portrait cap of pearl-tipped petals. She carried a white Bible with white orchid and streamers.

Joyce Wiseman, Limerick, was maid of honor for her sister. She wore a light green batiste dress with short sleeves. White embroidery accented the rounded neckline.

To complete her attire, she wore white gloves and a headpiece of light green flowers. She carried a cascade bouquet of yellow carnations.

Fred Weltzin, 330 Spring street, Royersford, was best man for his cousin.

Mrs. Wiseman, mother of the bride, wore a navy blue dress, navy blue and pink accessories. Mrs. Undercoffler, the bridegroom's mother, chose a black and white dress with white accessories.

Both wore corsages of pink carnations.

Following a reception at the home of the bride's parents, the couple left for a weekend wedding trip to an undisclosed destination.

For traveling, the bride wore a navy blue suit, pink and beige accessories and bridal orchid.

Upon their return, they will reside in an apartment at 132 East Fourth street.

A graduate of Spring-Ford High school with the class of 1959, the bride is employed as secretary at Freese Furniture company. Mr. Undercoffler, a graduate of Pottstown High school with the class of 1958, is employed at Rosenberry's market.

Pre-nuptial parties were given by Mrs. James Miller and Doris Levengood.

Rev. Olan Hendrix Is Guest Speaker At Area Women's Club Spring Banquet

The Rev. Olan Hendrix, home secretary of the Far Eastern Gospel crusade, was guest speaker at the annual Spring banquet of the Christian Women's club of Limerick chapel at Moorehead's restaurant in Trappe.

The Rev. Hendrix was introduced by Mrs. John Hughes, program chairman of the Women's club.

Speaking on the theme of the evening, Psalm 90:12, the Rev. Hendrix reminded his audience of "the urgency, in these desperate days, to overcome the apathy among God's people and to make Christ known." He warned against becoming so involved in God's work that "we fail to find time for Him, thus rendering our lives fruitless."

Guests of the Women's club were the husbands and friends of the members. Mrs. Wilmer Hahn, president, was mistress of ceremonies. Song leader was Richard Andes.

The Rev. Clarence Didden, pastor of Limerick chapel, asked the blessing. The Rev. William Davis, missionary to Africa, led the prayer. The benediction was given by the Rev. Harry Wagner, assistant pastor of the chapel.

Vocalist was Mrs. Olan Hendrix, wife of the speaker. Her accompanist was Mary Ruth Hahn.

Contributing to the light side of the evening's program were John Hughes and Richard Andes with an audience - participation game and a skit.

Reservations for the evening were in charge of Mrs. Ralph Crist and decorations by Mrs. Richard Andes.

PETERS WINS MIDGET RACE AT LANGHORNE

Tire Change at 30 Miles Wrests Lead From Local Pilot

LANGHORNE — Jiggs Peters of Neshanic Station, N.J., took over the lead on the 31st lap and won a 100-mile midget auto race Sunday in record time at the Langhorne speedway.

Peters finished just ahead of Bobby Marshman of Sanatoga in 1 hour, 1 minute and 11.98 seconds, shaving more than two minutes off the old track record of 1:3:34.7, set in 1947.

Bill Randall, of North Reading, Mass., was third.

Peters averaged 98.041 miles an hour, compared with 94.37 for Neal Carter of Chicago, the old recordholder. He completed the race without a pit stop, although the rubber wore off his right rear tire near the end.

* * *

MARSHMAN, WHO turned in the second fastest qualifying time for the race, had tire trouble early and was forced to pit after 30 laps, which cost him the lead.

Marshman outdueled Ernie McCoy of Reading, the pole starter, for the early lead and held better than half a lap edge on Randall as the clockings were better than 100-mph for the first 25 miles.

Randall and Peters were locked in a duel for second place with Marshman holding his margin when the latter's right rear tire began to smoke on the 28th lap.

He was forced into the pits on the 30th lap, and Randall took over. Marshman was in the pits for two and a half laps, during which Peters went ahead of Randall and led the rest of the race.

* * *

AT THE halfway point, Marshman was not in contention for the lead. Peters held a comfortable margin over Red Riegel, Jim Shaffer, Al Keller and Bill Homeier, who rounded out the first five.

Peters had stretched his lead to a half-mile after 60 miles, but Marshman had worked his way back through the pack, and was in fourth place behind Riegel and Shaffer, as Keller and Homeier were forced to make pit stops.

Marshman continued to move, and was in third place after 80 laps. Riegel, who had made a lengthy pit stop, was now out of the first five.

In the next 10 laps Marshman passed Shaffer and laid his sights on Peters, who still had a half-mile cushion, but the race just wasn't long enough.

Peters — himself now beginning to experience tire trouble —crossed the finish line ahead of Marshman, and admitted later that he probably couldn't have turned another lap.

MAN WITH HOT BAT — Cleveland second baseman Johnny Temple uses wire brush on the hottest bat in the major leagues. He has hit in 13 straight games. The former National leaguer is hitting at a .475 clip.

Hill Rallies for 8-7 Win Over Mifflin Unit

The late-inning that is becoming a fetish with The Hill baseballers turned the trick again Saturday as the Blue brigade rallied to down Governor Mifflin, 8-7 on Kaul field.

With rain threatening and trailing, 5-0 in the fifth inning, The Hill rallied behind Mickey Amick's three-run homer to score four times in the inning, adding four more in the sixth.

The cushion was sufficient for reliever Dan Boyer, who surrendered two harmless Governor Mifflin runs in the seventh, but gained his third win against a single loss.

Amick's homer came in the fifth off Mustang starter Randy Reeser. Chris Brown and Cliff Shedd were on base at the time, via a single and a walk.

* * *

STEVE SCHAFF, who had led off the inning with a single, scored an earlier run when Brown's single got through right fielder John Savage's legs.

Reliever John Jordan nipped the rally after the four runs, but ran into the same problem in the next inning when the homesters pushed over four more to ice the game.

Schaff walked and Shedd singled to open the frame, and both advanced on a passed ball.

Mickey Amick bounced a grounder to second, and at this point, Mustang keystoner Ron Horst tagged the bag for a force that wasn't there, Schaff scoring on the play.

TROJANS BOW IN EXHIBITION

Norristown Homers Cop Verdict by 9-3 Cushion

Pottstown High stepped out of the Ches-Mont wars and took a 9-3 loss from the Norristown High nine Saturday on the victors' diamond.

The local nine commited eight errors and Norristown added nine hits to register the easy win.

Bob Yeager provided the best offensive shot of the afternoon for Pottstown—a first-inning triple—but the Eagles got circuit clouts from Stan Johnson and Jim Beatty to aid in the win.

The Trojans picked up two of the six hits they gathered off winning pitcher Lee Gaines in the first inning, and had their only lead of the afternoon. Barry Swartz's single followed Yeager's blast to do the damage.

* * *

GERRY OPALACK—who lasted only two innings in the fray —allowed Norristown three runs in the home half of the first. Johnson started the inning with a walk. A fielding error and singles by Bob Mitchell and Ken Wetzel kept Opalack in trouble and netted the Eagles a 3-1 lead.

Johnson poked an Opalack delivery for the first homer of the contest with Rightfielder Bob Wallis — who singled—aboard to give Norristown a 5-1 lead in the second.

The Trojans finished off their scoring with two runs in the third. Aubrey Henry's walk, a fielder's choice play and singles by Opalack and Swartz did the damage.

Barry Papp—who took over for Opalack to start the third inning—was a victim of a four-error performance in the fourth inning when the Norristown club tallied another run.

Beatty who had four runs batted in to lead the Norristown barrage clouted his homer in the fifth with one mate aboard and Norristown picked up its final run in the seventh on a walk and Beatty's run-producing single.

Gaines had things under control from the third inning on with only singles by Papp in the fifth and Barry Saylor in the seventh to mar his effort.

Jensen Quits Bosox Again; Promises Call

CLEVELAND (AP) — Outfielder Jackie Jensen of the Boston Red Sox, who stayed out of baseball last season, jumped the club after it arrived here Saturday night.

Jensen left one message for Manager Mike Higgins: "I will call you Sunday night when you reach Kansas City and tell you of my plans."

The message was relayed to Higgins through a player whose identity is being kept secret.

Jensen was last seen Saturday night when the Red Sox came her from Detroit.

His roommate, Carroll Hardy, said he did not see Jensen after the team arrived here. He reports that later that evening a bell boy came to their room said Jensen was switching rooms and wanted to pick up his luggage.

AWRY PICKOFF TOSS ALLOWS WINNING RUN

Ferguson Fans 20, Gets Loss When Stover Plates

BERWYN—Now Bob McNelly knows how Danny Murtaugh felt when the Pirates were beaten by Milwaukee after Harvey Haddix' 12 perfect innings.

The Spring-Ford baseball coach found himself in much the same situation Saturday afternoon, as the Rams dropped a 1-0 decision to Conestoga despite a no-hitter by righthander Dan Ferguson.

And while the tall Ram moundsman didn't quite stretch his hitless effort 12 innings, he was into the 12th when the Pioneers parlayed two errors and a wild pitch into the winning run.

And for Ferguson it was also a bitter disappointment, after having fanned 20 batters and walked but two over the elongated route.

* * *

THE PIONEERS' Lloyd Stover was the culprit who turned Ferguson's sparkling effort into dust, when he was safe on Emmett Schaffer's error.

He stole second, advanced to third on a wild pitch and elicited a pickoff throw from Ram Catcher Harry Beltz, which was wide, and went into left field.

Ferguson was just two outs from completing 12 innings — he had fanned Charley Jenks for the first out — when the winning run scored.

The Rams — who had seven hits in the game off Steve Welpott and Ron Holliday — threatened twice with runners on third, but were unable to score.

Bob Harker tripled with one out in the fifth inning, but was stranded when Schaffer skied out and Nick Tuscai grounded to the mound.

John Miller then banged another triple in the ninth, but was picked off third by reliever Holliday on a much - disputed play that brought about cries of "balk" from many spectators.

The loss was the fourth in seven starts for the Rams, dropping them two games off the Ches-Mont league Upper section pace set by Pottstown High's leading Trojans.

Conestoga evened its record at 3-3.

Wind Erases Johnson's 9.2 World-Record 100

WALNUT, Calif., (AP)—Dennis Johnson of San Jose State college, who has tied the World record in the 100-yard dash three times, sliced a tenth of a second off it Saturday but it won't count.

The 11.2 mile per hour wind at his back nullified the fleet sprinter's 9.2 second time for record purposes.

Observers at the Mt. Antonio relays still shake their heads, though, over Johnson's ability to turn in such a fast time after his left starting block slipped on him.

The block slipped about two inches as the race started. Johnson didn't move out front until after 50 yards.

"I thought I reacted perfectly with the gun," he said, "but that slip cost me. I guess I was third or fourth the first few steps and I didn't get the lead until about halfway."

Perkiomen Drops 7-3 Contest to Girard College

Girard college reached Bob Itts for four runs in the top of the fourth inning Saturday, and dealt Perkiomen Prep a 7-3 routing on the losers' Pennsburg lot.

The winners coupled a brace of singles with a base on balls and an error for the four runs, that erased a 1-0 Perkiomen lead, and salted the game away.

The winners added three more insurance tallies in the fifth.

The Preps had tagged winning hurler Gene Cybulski for a run in the second on a walk to Tom Tucker, a wild pickoff throw which allowed Tucker to scamper to third, and John Stipa's squeeze bunt.

The losers rallied in the fifth, pushing across two more on a single by Tucker and a walk to Stipa. The two worked a double steal, and scored when Cybulski uncorked his second wild pickoff heave.

It was hardly enough to avert the Prep' fifth loss in six outings.

Phils Rally in 8th, Top Cards in 10th

ST. LOUIS (AP)—The Philadelphia Phillies spotted the St. Louis Cardinals to a six-run lead, then rallied for seven runs in the eighth and four in the 10th for an 11-7 10-inning victory Sunday.

After Ken Boyer tied it up at 7-7 with his fifth home run in the Cards' ninth, the Phils broke loose once more.

* * *

Bobby DelGreco started it with a one-out double off Larry Jackson, the loser. Daryl Spencer fumbled Joe Koppe's grounder and John Callison singled Del Greco home. Tony Taylor singled to score Koppe and took second on the throw to third. Pancho Herrera's single was good for the last two runs.

Dick Farrell, the Phils' fifth pitcher, was credited with the victory, giving him a 2-1 record.

The Phils, shut out on three hits by Curt Simmons for seven innings, came to life when their former teammate weakened suddenly.

Callison started it with a single and Taylor and Bobby Gene Smith walked to load the bases. Lindy McDaniel relieved at this stage and Herrera singled to score two runs.

Tony Gonzalez singled for another and Clarence Coleman hit a pinch single for the fourth run.

Mickey McDermott relieved and was touched for a run-scoring single by pinch hitter Bobby Del Greco. Ken Walters got a pinch-hit single to load the bases once more.

Callison forced Walters as the tying run scored and Taylor put the Phils ahead with a single scoring Del Greco. Bob Miller relieved and closed out the inning.

* * *

The Cards, as their 6-0 lead would indicate, had things all their own way until the Phils' outburst.

They scored twice in the second inning off Frank Sullivan as Hal Smith and Don Landrum hit payoff doubles. And they routed Sullivan in the third when Smith's single and Bobby Gene Smith's error permitted two more runs to score.

Cunningham hit his third home run in the fifth to make it 5-0 and another scored in the sixth on a fielder's choice.

Nats' 2-1 Nightcap Win Earns Split With Yanks

WASHINGTON (AP) — The Washington Senators put together a single and a double on two occasions Sunday to get all the runs they needed for a 2-1 victory over the New York Yankees in the second game of a doubleheader before 21,904 fans.

The Yankee won the first game 4-3, with Whitey Ford going the first six innings and picking up his third victory in four decisions.

Rookie Roland Sheldon, making his first major league start, pitched creditably for the New Yorkers in the nightcap. He went seven innings before being lifted for a pinch-hitter, gave up both runs on five hits and struck out eight, while walking two.

Hal Woodeshick, southpaw picked up by the Senators from the club that vacated to Minnesota, blanked the Bombers for eight full innings. But Hector Lopez opened the ninth with a single, and Manager Mickey Vernon decided to pull in right-hander Dave Sisler to pitch to Mickey Mantle. Mantle singled to right field. Bill Skowron singled to left, scoring Lopez and Vernon then called on Pete Burnside, a southpaw. He got Roger Maris and Clete Boyer to hit into force plays to end the game.

The Senators scored their first run in the fourth inning on a double by Dale Long and a single by Gene Woodling. In the fifth inning a single by Danny O'Connell and a double by Dutch Dotterer produced the other run.

The Yankees pounded out 11 hits, including doubles by Tony Kubek and Bill Skowron, in winning the opener, while the Senators got only five hits off Ford and his successors, Bill Stafford and Louis Arroyo.

Roy Sievers' Home Run Dumps Twins 5-3 in 11

ST. PAUL-MINNEAPOLIS (AP) —Roy Sievers' 350-foot homer with a man on in the 11th inning capped a three-run Chicago White Sox spurt and provided the Sox with a 5-3 victory over the Minneapolis Twins Sunday.

Jim Landis' hit moments before had shot the White Sox into a 3-2 lead but it took Sievers homer to make the final difference as the Twins came up with one of their own in the bottom of the 11th.

Harmon Killebrew smashed a 450-foot homer off the center field background wall in the Twins half of the 11th, but pitcher Bob Shaw retired the next two men for the victory.

Indians, Red Sox Divide Twinbill

CLEVELAND (AP)—Vic Wertz blasted a two-run homer in the ninth inning to give the Boston Red Sox a 4-2 victory over Cleveland Indians in the opneer of a doubleheader Sunday, but the Indians went on a 14-hit rampage to take the second game 10-1.

The Red Sox played without the services of outfielder Jackie Jensen. Jensen, who rejoined the team this season after a year's layoff, left town Saturday night without an explanation. He left Manager Mike Higgins a message saying: "I will call you Sunday night when you reach Kansas City and tell you of my plans."

The Indians rolled in the second game behind Wynn Hawkins' neat five-hitter, only the second complete game Cleveland has had this season. Tito Francona, with three hits, including a three-run homer, led the attack. John Romano also homered for the Tribe.

Hawkins (2-0) gave up two walks and struck out five. Johnny Temple, with a pair of hits in the opener and an eighth inning double in the second game, stretched his hitting streak through all 16 Cleveland games.

The first game was a pitching duel between winner Bill Monbouquette (1-3) and Cleveland's Gary Bell for eight innings.

ORIOLE HR'S TIE RECORD

Tigers Win Opener 8-2, Retain Lead In American

DETROIT (AP) — Jim Gentile, Gus Triandos and Ron Hansen of the Baltimore Orioles hit successive homeruns Sunday to tie a major league record and propel the Orioles to a 4-2 triumph over Detroit after the Tigers won the opening game of the doubleheader 8-2.

All the blows were hit off Paul Foytack, who seemed well on his way to victory in his first start of the seaosn

Foytack had yielded only one hit and had faced only 19 batters —one over the minimum—through six innings. Brooks Robinson singled with one out and Gentile lashed his home run off the light tower over the third deck at Tiger Stadium.

Triandos followed with a line drive into the upper seats in left field and Hansen hit his into the lower deck in left. The record for three successive homeruns in one inning is shared by many clubs.

The long-ball flurry gave Skinny Brown his first victory. He allowed only four hits, including Norm Cash's third homer. Al Kaline scored Detroit's other run, racing all the way from first base on Cash's two-out single in the seventh.

The split kept the Tigers in first place, one game ahead of the New York Yankees, who split with Washington.

The Tigers needed late firepower to win the opener. They had only two singles off Steve Barber until the seventh inning when they strung together three singles, a walk and a sacrifice fly for three runs.

Spring-Ford JV Tops Conestoga Nine, 6-3

The Spring-Ford Jayvee baseballers took the measure of Conestoga 6-3 on Saturday afternoon. The ball game was tied up at the end of the regulation seven innings before the young Rams pushed across three runs in the ninth stanza to register the win.

Gary Badgely allowed only three hits in getting credit for the mound decision. Joe Metz also pitched a good game before absorbing the loss, giving up just four hits.

Drake Relay Races Showed Edge Over Penn

PHILADELPHIA, (AP)—A comparison of performances at the Drake and Penn relays on Friday and Saturday shows the Mid-west meet had better marks in 12 of 19 comparable events.

It was no surprise to Coach Oliver Jackson of Abilene, Christian, who switches every few years from one meet to the other. Jackson says the track at Drake is much faster than Penn's Franklin field.

"By the time the hundreds of grammar school and high school boys get done running, the track is all chewed up for the main college events," he observed. "And it's a dead track to start with."

Jackson, whose Abilene team won only one relay event, also pointed out that the lanes at Drake are much wider, allowing for easier handling of the batons and providing more room to race. Abilene lost a chance to win the mile relay when Dennis Richardson fell on a crowded turn.

DAKE COMPETITORS turned in better figures in nine track events and Penn runners in three. Field men here outscored their Drake counterparts 4-3. It is only fair to point out that the Penn meet took place under cloudy skies, with strong winds, cold temperatures and at times driving rain. The sun shone both days at Des Moines.

Some of the differences were very slight. Baylor's Bill Kemp ran the Drake 100-yard dash in 9.7 against 9.9 by Bob Brown of Penn State.

Ronnie Ablowich of Georgia Tech turned in a 52.1 in the Drake 440 hurdles, while Russ Rogers of Maryland State was clocked at 52.2 for the same event in Philadelphia.

Then there was Godfrey Moore of Winston Salem leaping 24 feet, 7¾ inches at Penn in the broad jump to 24-7 for Oregon State's Darrell Horn at Drake. Abilene's winning 440 relay team whipped around Franklin field in 40.9 — tying his own record — as against Baylor's 41.1 at Des Moines, and Baylor turned in a 1:24.3 in the 880 to 1:24.8 for Villanova, a triple relay winner at Penn.

THAT'S THE way it ran for the most part; little differences favoring Drake mostly. There were some sharp differences, like Kansas' record-breaking Drake performance in the 2-mile. The time was 7:28.6 compared with 7:34.2 for Michigan at Franklin field.

And there was Western Michigan's 16.50.4 in the 4-mile, a new American record. Michigan, running in a rainstorm, was timed in 17:16.3 for the same event at Penn.

Four Drake records included a 15 foot, 6 inch pole vault by Sophomore George Davis of Oklahoma State. Four competitors tied here at 14 feet.

In the 2-mile run, Houston's Pat Clohessy with clocking of 8.58.6 at Des Moines, was much better than Denny Moore of Abilene, the Penn winner in 9:06.4. Rogers ran the 120 high hurdles at Franklin field in 14 seconds flat as against 14.4 for a pair of Drake performers, Dake Odegard, Big 10 champ from Minnesota, and Bobby Mernard of Texas Christian.

Pittsburgh Pirates Win Opener 6-3; Reds Win 4-2 Behind Purkey In 2d

CINCINNATI (AP) — Veteran Bob Purkey threw a masterful six-hitter Sunday and made other contributions that gave Cincinnati's Reds their first victory in nine games, 4-2 over Pittsburgh, in the second game of a doubleheader. The loss knocked the Pirates out of the National League lead.

The Pirates put on a barrage of extra base hits winning the opener, 6-3.

Young Jay Hook was roughed up in the opener and left in the fifth after a four-hit barrage gave the lead to Pittsburgh.

With one out in the ninth inning of the nightcap, Dick Stuart rammed a double to left, but Purkey got Roberto Clemente and Don Hoak on easy outs.

Purkey also contributed at the plate. His sacrifices twice set up Chico Cardenas for scoring singles. In the fifth, Purkey put down a perfect bunt that scored Gordie Coleman.

Cardenas put Purkey on third with a double and the pitcher scored after a towering foul was caught near the left field line.

Purkey was touched up for a run in the first inning on Bill Virdon's leadoff double and Dick Groat's single. Virdon also singled in Don Hoak in the eighth.

The Reds still tumbled into the league cellar, displacing Philadelphia which beat St. Louis. Before starting their eight-game nosedive, the Reds had been leading the league.

The Reds had a three-run lead in the opener before the Pirates unlimbered their heavy artillery.

Up to the ninth, Bob Friend had held the Reds to three runs on eight hits. But Gene Freese led off with a single and Jerry Lynch followed with a pinch double.

A's, Angels Split 1st AL Twinbill on Coast

LOS ANGELES (AP)—The Kansas City Athletics urvived a ninth inning Los Angeles Rally Sunday and defeated the Angels 3-2 in the second game of a doubleheader after losing the opener 6-4.

Rookie left-hander Jim Archer went into the bottom of the ninth with a three-hit shutout but got into trouble when third baseman Andy Carey booted Ken Aspromonte's grounder. Ken Hunt followed with a bunt single and Aspromonte scored when Bob Cerv also singled.

Dave Wickersham relieved Archer and was immediately touched for a sacrifice fly by Earl Averill. Steve Bilko kept the rally alive with a single but pinch hitter Faye Throneberry ended it by bouncing into a forceout.

Archer had let the Angels get only one man as far as second base through eight innings. The victory was his first in the majors.

OFF TO STUDY SPACE—Marking the first step in a U.S. program to use orbiting observatories to find out what makes the universe tick, a "space telescope" satellite leaves Cape Canaveral, Fla. The 94.8-pound moonlet will map nuclear radiation emanating from the milky way and other star galaxies trillions of miles away.

Use of Military Power Urged by Congressman

JOHNSTOWN, Pa. (AP)— Rep. James E. Van Zandt, R.-Pa., has called for President Kennedy to "speak out with military might" to keep communism out of the Western Hemisphere.

If the United States would demonstrate its military might in the world's trouble spots, the Soviets would have no choice but to pull out, Van Zandt told a Republican rally at Johnstown Saturday night.

The congressman from Altoona said he is strongly in favor of Kennedy's stand "not to compromise or negotiate with the Communists in the Western Hemisphere."

* * *

But he urged the president to go one step further and show U.S. military power to the rest of the world.

"If we must fight, we will fight," he said.

Van Zandt then charged that the Democratic party disregarded the nation's best interest by playing politics last fall in the presidential election.

The Democrats, he claimed, were wrong in criticizing former President Eisenhower and the nation's defense program.

"Peace was actively waged by this Republican administration," he stated. "It is no accident that today we are not engaged in a global atomic war. We left no secret agreements that threatened to explode the peace."

MULE SHORTAGE

STERLING, Colo. (AP) — The Journal Advocate reports its latest count shows only four mules left in Logan county. There were 56 in 1952.

Witness Sees Driver Leave Seen of Crash

Leona Jean Rhoads, Pottstown Route 20, reported to Pottstown police Saturday evening that a hit-run driver struck her auto while it was parked at the Reading railroad concourse, damaging the left front door.

Mrs. Rhoads, a waitress at the Shuler hotel, was told by Glenn Whistler, 18 West Fourth street, that he said another auto backed into her car; then drove away without stopping.

Minority Leader of House Calls For Study of Education Proposal

HARRISBURG, (AP) — House Minority Leader Albert W. Johnson said Sunday it would be folly for the Legislature to implement education recommendations without a careful study.

"We have gotten the recommendations of a group of laymen and the task of implementing them is now in the hands of legislators," Johnson said, adding:

"It seems only logical then that the Legislature should attempt to approach this matter carefully and with the benefit of specific recommendations and possible priorities for action."

* * *

He said the joint State government commission—the Legislature's research arm—is better equipped than any legislative committee to appraise the report of Gov. Lawrence's committee on education.

The McKean county Republican was a member of that committee.

Johnson said he felt that the trained commission staff, which has looked into education problems in the past and is familiar with them, should conduct the study.

"I will convey that view to our (GOP) caucus Monday," Johnson added.

Meantime, House Majority Leader Stephen McCann, D-Greene, called a meeting of the rules committee, of which he is chairman, for Monday afternoon.

The committee was expected to consider, and probably approve, a resolution McCann sponsored to appoint a bipartisan committee to consider the education report by Lawrence's committee.

* * *

In the Senate Democrats hoped to line up more support for a similar resolution which was defeated last week when Republicans contended the work should be handled by standing legislative committees.

Johnson said he couldn't agree with Democratic estimates that the General Assembly might be able to finish its current business next month. He guessed it would be at least July 15 before the docket could be cleared.

The House planned a four-day session this week to clean up a raft of mostly routine matters.

A possible vote on the $899 million general appropriations bill may come Tuesday or Wednesday. The bill covers operations of virtually all State agencies from June 1 to June 31, 1962.

* * *

Other legislative developments expected this week:

Authority borrowing — the House will consider measures to boost the borrowing limit of the general State authority by $244 million to nearly $656 million and to increase the public school building authority limit by $150 million this year and another $150 million in 1962.

Labor bills—legislation to ban strikebreaking and to give nurses the right to bargain collectively also is before the House.

Libraries—what Senate Democratic leaders will do about the administration's library bill still is up in the air. Without their 25-man complement on hand, Democrats will be unable to restore the Republican-amended measure to its original form.

First Aid Class Is Graduated In Skippack

A second class in first aid was graduated Sunday at 2 p. m. and received full membership into the Skippack ambulance corps. The ceremonies was at the Skippack firehouse.

American Red Cross first aid cards were presented to the graduates by Robert Alderfer, first aid instructor.

Capt. Henry Virkler presented each member with the insignia of the corps.

* * *

INVOCATION was given by the Rev. Paul Dershem, chaplain of the Skippack community association.

The welcome address was given by Robert Kline, president of the association.

Other speakers include, W. Bruce Beaton, vice president of the Bridesburg Ambulance association and John W. Gross, Pennsylvania State director of the international association of first aid and rescue squads.

Jack Cuff was the master of ceremonies.

Upon completion of the service, the names of the graduates were placed on the duty roster to serve with the founding members. Twenty-four hour duty, in any emergency, went into effect Dec. 11, 1960.

Pilots Club Hears Meteorologist

A record attendance of 96 members and guests attended the meeting of Pottstown Pilots and Aircraft owners incorporated at Lakeside Inn Limerick.

The speaker for the meeting was Walley Kinnan, a meteorologist. He spoke on weather pretaining to flying.

He also explained the different cloud formations and told of his experiences in the Army.

Kinnan pointed out that there is a shortage of meteorologists in Pennsylvania.

* * *

TWO NEW members were accepted at the meeting. They were Lewis Emery and Wayne King.

Guests at the meeting were Robert H. McKinney Jr., Sam Kissinger, Walter Boalton, William Witman, Bernard S. Verbit, Joseph J. Cain and the president from DuPont Aerial club of Wilmington, Del.

The local club, which owns 53 private planes, discussed its next flight which will be on May 14 to Williamsport, where they will tour the Lyconig Engine company.

Alvin E. Renninger, chairman, was in charge of the meeting.

Red China Notes May Day With Big Celebrations

TOKYO (AP) — Red China began May Day celebrations Sunday with more than 800 foreign guests from 50 countries attending a big reception, Peiping Radio reported.

The broadcast said the foreigners, including a representative from the Soviet Union, were among 1,300 persons welcomed in Peiping's Great Hall of the People by Foreign Minister Chen Yi. In his speech the radio said, Chen Yi asserted:

"Let us further strengthen the unity of the socialist camp and of the international communist movement and the unity of the Asian, African and Latin American peoples. . . .

"Let us, holding high the banner of Marxism-Leninism and the banner of the Moscow declaration and the Moscow statement, strive for continued strengthening of our unity and for the promotion of our common cause."

The radio said that in cities throughout China huge colored lanterns have been hung and arches with colorful bunting have been erected in streets and parks. Shop windows have been decorated, while wooden platforms have been put up in parks and squares for special performances for the holiday crowds, the radio said.

TRADITION IS SCRAPPED

Budapest, Hungary (AP)—Hungary is scrapping the traditional system of admitting all 6-year-olds to elementary school, the press reports, and instead will give aptitude tests to determine who will be deferred for special coaching until age 7.

Exiled Editors Criticize Castro

MIAMI, Fla. (AP)—Four exiled Cuban editors said Sunday the people in their homeland do not support Prime Minister Fidel Castro.

A government that has the support of its people does not jail so many of its people in an emergency, they asserted.

All the editors said they had supported Castro in his early days but had become disillusioned. Their papers were taken over by the government.

* * *

The editors, meeting in a panel discussion at the Miami Herald, were Amadeo Barletta Jr., of El Mundo; Humberto Medrano of Prensa Libre; Clarence Moore of the Havana Times, and Jorge Zayas of Avance.

Each publishes his paper in exile, Prensa Libre as a radio edition and the others as regular newspapers.

* * *

"A people under the muzzle of guns should not be expected to revolt unless given hope of victory," said Barletta of the April 17 invasion. "The Cuban people could get no news of the invasion and were given no hope for its success."

Medrano said: "It is a crime to say at this time, over the blood and bodies of students, workers and professional men who died in the invasion, that the Cuban people back Castro."

* * *

Zayas was disturbed because some news sources said Castro's strength had been underestimated. "The people do not support Castro," he said.

Zayas added: "The outcome of the invasion should shock other Latin American nations and the United States out of their complacency. This is not a Cuban problem but a world problem. We will help, but the Communist ambition is too big for us alone."

SO WHAT'S COOKING?

BUFFALO, N.Y. (AP) — Ralph Stewart, 47, whose monthly gas bill started tripling about two years ago, was sentenced recently to two years in prison for possession of an illegal still.

"He's been cooking something else besides his meals for a long time," ruled Federal Judge John O. Henderson.

American Nazi, Followers Rap Pacifist Group

WASHINGTON (AP) — Ninety pacifist-led demonstrators protesting this nation's role in the Cuban invasion began a vigil and hunger strike outside the Central Intelligence Agency headquarters Sunday. They said they plan to keep it up 24 hours a day for two weeks.

The "Nonviolent Committee for Cuban Independence" group journeyed here by bus and car from New York, rallied briefly at Judiciary Square then started picketing the CIA building.

Only nine will begin the fast, but others may join later, leaders said.

* * *

George Lincoln Rockwell, self-styled commander of the American Nazi party, and 19 of his khaki-uniformed followers were on hand to harangue the demonstrators at the square but there were no incidents.

Police kept the groups separated.

Dave Dellinger, a printer from Glen Gardner, N.J. and committee leader, said the group is appealing "to the American conscience" against the CIA's role in planning and setting up the unsuccessful invasion by Cubans opposed to Prime Minister Fidel Castro.

* * *

He said the protest arose from "spontaneous, deep feeling" against American military intervention in the Cuban revolution.

Dellinger said the Catholic Worker magazine, the Peacemakers, War Resisters League and Fair Play for Cuba Committee are represented.

The pickets paraded quietly bearing signs, "Hands off Cuba," "Trade with Cuba will Create Jobs," "An Unprincipled America is no America," and "Let Cuba Decide its own Destiny."

A few carried Cuban flags, one with a picture of Castro on it.

Dellinger, in a brief speech at the square, said America has not recognized the world is in revolution and has gained an erroneous impression of what was going on in Cuba from refugees representing only the upper and middle classes.

Try and Stop Me

By BENNETT CERF

A POIGNANT MEMOIR of Sir Cedric Hardwicke concerns the evening that Ellen Terry, then close to 80, elected to have another go at the demanding role of Portia in "The Merchant of Venice."

When the time came for her to deliver the familiar "quality of mercy is not strained" speech, poor Miss Terry's face suddenly blanched. She cudgeled her memory in vain for a moment, then moved down to the footlights and said forlornly, "I am a very silly old lady—and I cannot remember what I have to say."

Members of the audience shouted the lines to her, Miss Terry smiled her thanks—and the show went on.

DAILY CRYPTOQUOTE — Here's how to work it:

A X Y D L B A A X R
is L O N G F E L L O W

One letter simply stands for another. In this sample A is used for the three L's, X for the two O's, etc. Single letters, apostrophies, the length and formation of the words are all hints. Each day the code letters are different.

EICHMANN'S PALS FACE LEGAL HITCH

Willing to Testify; But May Be Arrested

PROSECUTION CONTINUES TODAY

By GARVEN HUDGINS

JERUSALEM (AP) — Former Gestapo associates of Adolf Eichmann now living in Germany are willing and able to testify in his trial, Assistant Defense Counsel Dieter Wechtenbruch said Sunday.

But the fact that they served in Hitler's storm troopers is enough to rule out their appearance before the court trying Eichmann in Israel.

* * *

Prosecutor Gideon Hausner has said that Israel cannot promise immunity for all former Nazis the defense may wish to summon.

Some, Hausner said, would be arrested the minute they stepped on Israeli soil and brought to trial for complicity in Nazi crimes against the Jews during the war.

Wechtenbruch returned Saturday night from a trip to Germany to confer with possible witnesses.

Justice Moshe Landau, presiding over the three-judge panel trying Eichmann, had advised Chief Defense Counsel Dr. Robert Servatius and Hausner to work out a possible method for interrogating witnesses in a German court, with cross examination by an Israeli representative there.

Hausner proceeds Monday with the prosecution case against Eichmann. So far it has detailed Nazi cruelty against the Jews in the early days of the Hitler regime.

* * *

The prosecutor expects to wind up his case against Eichmann around the middle of June.

Eichmann is charged with complicity in organizing and executing Nazi Germany's "Final Solution to the Jewish Problem."

An estimated six million Jews perished as the "solution" was carried out.

* * *

Defense Attorney Servatius says Eichmann is anxious to tell his own story in court, but the 66-year-old German lawyer has not said definitely whether he will summon Eichmann to the stand.

The former chief of the Gestapo's Jewish Affairs Section has related in 77 reels of tape-recorded testimony—covering an eight-month interrogation by his Israeli captors — that he merely followed orders.

Pope Wishes 15,000 Happy May Day

VATICAN CITY (AP) — Pope John XXIII appeared at his apartment window Sunday and wished 15,000 persons gathered in St. Peter's Square a happy May Day.

The holiday will be celebrated Monday. For the Roman Catholic Church it is known as "the Feast of St. Joseph the Artisan," established by the late Pope Pius XII to give a Christian aspect to the labor holiday.

Bid Is Submitted For Graterford Lot

Inside You And Yours

By BURTON H. FERN, M.D.

Rescheduling the Stork

"I'M SORRY, Helen, but I'm going to have my baby Tuesday afternoon."

Helen's friend wasn't joking. The stork now offers both scheduled and non-scheduled flights. Would you like to set the date for your next baby?

Dr. Fern

Imagine! No rush—plenty of time to arrange for a housekeeper! Dad can take the day off! And no chance of giving birth in the back of your car!

Not every baby can arrive on schedule. Your first has to take his own sweet time. So does your sixth, seventh and eighth.

If your womb is weak and tired from five other babies, or possibly a Caesarean operation, you'll have to wait for the non-scheduled stork.

Final Test

The final test comes when the doctor examines you after 8½ uncomplicated months. If the neck of the womb is already opening and the baby is low enough to start welcoming ceremonies, you can set the date.

Unless the maternity floor is overcrowded, the hospital room clerk can confirm your reservation. Scheduling new arrivals isn't unnatural. The doctor merely assists nature, once you're ready.

Some babies will still arrive before the appointed hour, and many other mothers will be well on their way before the doctor has a chance to help.

Guiding The Stork

To guide the stork, a natural womb-tensing chemical is slowly dripped into mother's arm. The doctor has to stay at the bedside to regulate the injection. He wants the womb active but not overactive.

Within a few hours the delivery room should be filled with the howls of a newly-arrived natural-born citizen.

Perfectly Safe

Scheduled arrivals are as safe as non-scheduled births, providing you have a well-trained obstetrician who's willing to stay with you until the last drop! There's no question of danger.

While arrivals are both scheduled and non-scheduled, everybody arrives first class!

Dr. Fern's mailbox is wide open for letters from readers. While he cannot undertake to answer individual letters, he will use readers' questions in his column whenever possible and when they are of general interest. Address your letters to Dr. Fern in care of The Mercury.

Vast Public Works Program Backed At Federal, State and Local Levels

WASHINGTON (AP) — The AFL-CIO called Sunday for a vast program of public works at federal, state and local levels to fight unemployment.

George Meany, AFL-CIO president, made public a letter he has sent to President Kennedy urging:

1. Appropriation of $1 billion for grants to state and local governments to encourage fast starts on projects which Meany said already are planned and ready to roll.

2. An increase in long-term loans to states and their subdivisions with low interest — or no interest — for community facility projects. Meany proposed this be done through existing agencies. He did not specify any definite sum.

3. Channeling of an additional $2 billion into federal public works projects by authorizing the President to divert this money from unexpended balances of funds already set aside for executive departments.

Meany's letter said the most urgent need is for a speedup in public works. But he recommended also a temporary income tax reduction of unspecified amount, plus a general reduction in interest rates. Also he asked a 4.5 per cent maximum rate on federally guaranteed home mortgages.

Meany said on a recorded network radio program (MBS-Labor News Conference) that he has received no reply as yet to his letter of April 21.

The union leader said also that while the program would require added federal spending it would not necessarily mean added taxes. He said, "Some of these things bring in their own income — they step up business and they increase the tax return."

Meany's letter said that plans for $7.5 billion in state and local projects were completed in the second half of 1960 and job-producing work on them could be started quickly.

* * *

The proposed program of grants would provide money only on the condition that it result in a net increase in capital improvement spending and not be substituted for funds which otherwise would be provided locally.

The proposal called also for a priority in grants for jobs that can be started within 90 days and completed within a year. New grants would be halted in an area when unemployment returns to a "tolerable level." But the President would be provided continuing authority to act "during periods of economic stagnation."

African Police Fire On Crowds, Kill 2

WARMBATHS, South Africa (AP) — At least two Negroes were killed Sunday night when police opened fire on rioters in the African quarter of this resort town 95 miles north of Johannesburg.

Police said a large crowd of Africans started a demonstration demanding dismissal of the white manager of the African affairs department of the town.

Mobile police reinforcements were rushed up and opened fire after the Africans stoned them.

CAVIAR IN GLASS

TEHRAN, Iran (AP)—Iran has decided to market its caviar in glass containers rather than tins as in the past. It also will try more direct sales instead of selling in bulk to the Soviet Union for packaging and resale. The two countries share in Caspian Sea production.

Prime Minister Clarifies Stand On Jews Abroad

NEW YORK (AP) — The American Jewish Committee said Sunday the relationship between Israel and Jews in other democracies has been clarified in an understanding with Israeli Prime Minister David Ben-Gurion.

Ben-Gurion was quoted by the committee as saying, "We, the people of Israel, have no desire and no intention to interfere in any way in the internal affairs of Jewish communities abroad."

The committee said the prime minister agreed that the emigration of Jews to Israel is at their own "free discretion."

He also was quoted as saying nothing should be done by the Israeli government which would "undermine the sense of security and stability of American Jewry."

* * *

Ben-Gurion, 74, touched off a storm of protest among U.S. Jewish leaders last December by saying Israel must have more immigrants, especially educated Jews.

At the time he cited a saying in the Talmud that "whosoever dwells outside the land of Israel is considered to have no god." He also called for closer ties between Israel and Jews living in other countries.

Later Ben-Gurion said he had been misunderstood; that he had no intention of saying that American Jewry is godless.

The Jewish committee said the agreement with Ben-Gurion was reached in a joint statement with Jacob Blaustein, U.S. industrialist and honorary chairman of the committee.

Soviet Union Confers Peace Prizes On Castro, President of Guinea

MOSCOW (AP) — The Soviet Union conferred 1960 Lenin Peace prizes Sunday on Cuba's Fidel Castro, President Sekou Toure of Guinea and five others, including an Indian woman who once led a Campaign against a U.S.-Pakistan military pact.

The awards, made annually on the eve of the Soviet Union's giant May Day celebrations, hailed Castro as "public leader and statesman of the Cuban republic, whose entire life is dedicated to the noble cause of the struggle of the peoples for freedom and independence."

"Without sparing his strength or very life, Fidel Castro did everything to rally the people of Cuba to the struggle against the reactionary regime of dictator Batista," the citation said.

"This courageous struggle was crowned with the complete victory of the people."

The other awards winners are: Mrs. Rameshwari Nehru, a disciple of Gandhi and Indian peace movement leader; Mikhail Sadoveanu, Romanian writer; Antoine Georges Tabet, a Lebanese architect; Ostap Dlusski, a Polish Communist who helped found the World Peace Council; and William Morrow, Australian labor figure.

Mrs. Nehru is said to be a distant relative of India's Prime Minister Nehru. She has been active in Communist affairs. In 1954 she was made chairman of a committee of Indians named to oppose the U.S. military pact with Pakistan.

The committee's Castro citation said "The government led by Castro has carried out a number of deep progressive reforms. 'Everything for the people' has become the slogan of the new Cuba.

"The Fidel Castro government has called upon all American countries to proceed in their relations from the principle of equality, noninterference and mutual understanding.

"The people of Cuba demonstrated their determination to defend their right to a peaceful life, when, under the leadership of Fidel Castro, they routed armed aggressors. Castro's name by right is mentioned among those who made a tremendous contribution to the cause of strengthening peace and security of nations."

* * *

Toure was described as "an incorruptible loyal son of his people who fought tirelessly for the freedom and independence of his homeland." The other winners were called "champions of peace."

Toure has been Premier Khrushchev's guest in the Soviet Union and has toured the United States. Last October, Castro rolled out a red carpet for him in Havana.

Guinea, a former colony of France in Africa, quit the French Community of nations after it was granted independence. It frequently votes in the United Nations with the Soviet Union.

No Americans were given awards this year. Last year, Cyrus Eaton, Cleveland industrialist and friend of Soviet Premier Nikita S. Khrushchev, was one of the award winners.

Red China Establishes 'Clothes Hospitals'

HONG KONG (AP) — A scarcity of new clothes has prompted Red China to establish "clothes hospitals" designed to get extra wear out of old garments. The official People's Daily says the hospitals "can make short-sleeved shirts, a vest out of a short-sleeved shirt and underwear out of a vest."
